Young Adult Resources Today Don Latham, Melissa Gross, 2014-05-21 Young Adult Resources Today Connecting Teens with Books Music Games Movies and

More is the first comprehensive young adult library services textbook specifically written for today's multidimensional information landscape. The authors integrate a research-focused information behavior approach with a literature-focused resources approach and bring together in one volume key issues related to research theory and practice in the provision of information services to young adults. Currently no single book addresses both YA information behaviors and information resources in any detail; instead, books tend to focus on one and give only cursory attention to the other. Key features of this revolutionary book include its success in integrating theory, research, and practice; integrating implications for practice throughout the book; integrating knowledge of resources with professional practice as informed by research; integrating both print and electronic formats throughout within the resource chapters, including websites and social media. Latham and Gross accomplish all this while paying particular attention to the socially constructed nature of young adulthood, diversity, YA development, and multiple literacies. Their coverage of information landscapes covers literature with detailed coverage of both genres and subgenres, movies, magazines, web sites, social media, and gaming. The final chapter covers navigating information landscapes, focusing on real and virtual YA spaces, readers' advisory programming, and collaboration. Special attention is paid to program planning and evaluation. *Social Justice, The Common Core, and Closing the Instructional Gap* Janet C. Richards, Kristien Zenkov, 2015-10-21. This book critiques the Common Core State Standards (CCSS) and their development, implementation, and evaluation. It offers a social justice perspective on CCSS with practical examples of curricula that empower diverse learners. Chapters include first-person accounts of integrating social justice with CCSS.

Lifework Wright, Drew Taylor, 2018-12-15. *Lifework* is a step-by-step guide to find work you love, make money, and make a difference. Part book, part journal, it is a hands-on, action-oriented guide to navigate your career journey. **Stop. Think.**

Invest.: A Behavioral Finance Framework for Optimizing Investment Portfolios Michael Bailey, 2022-01-04. Use the power of behavioral finance to make smarter, better-informed decisions through every step of the investing process. In an economy where markets are more unpredictable than ever, emotions can derail the efforts of even the most experienced investors and wreak havoc on portfolio returns. Applying powerful behavioral finance concepts, *Stop Think Invest* provides a framework for identifying personal biases and avoiding mistakes that can cost big profits. Based on the author's extensive research and 100 key behavioral finance concepts, this guide provides a winning 12-step process you can use to successfully manage your trading and investing for long-term success, including: Begin the initial research into a new stock; Create an investment thesis: why are you buying the stock; Trade timing and size: when are you buying and how much; Make the initial purchase; Review the trade: round up or round down; Test your original investment thesis. *Stop Think Invest* reveals critical information about behavioral finance flaws such as anchoring, confirmation bias, recency bias, and loss aversion. Unlike other behavioral investing guides, *Stop Think Invest* offers a fully organized and practical approach to applying behavioral finance to everyday investing. *The Virginia Quarterly Review*, 2017. *200 Science Experiments* Janet Reinhart, 2015-10-28.
