consistently and decisively Famous for his smart savvy and unique approach to Tech stock investing Mark Mahaney provides his 10 proven rules for succeeding as a long term Tech stock investor explaining everything he s learned during almost 25 years of analyzing internet stocks including Why revenue growth and customer metrics not earnings are what matter most to Tech investors How to invest not trade in the great growth opportunities that lie ahead How to determine when high valuations are a warning sign and when they signal an opportunity I ve watched the rise of some of the leading companies of today Facebook Amazon Netflix Google and the fall of some of the leading companies of yesterday Yahoo eBay and AOL Mahaney writes F iguring out which companies really are going to be dominant franchises is an extremely hard thing to do But those who accomplished this were arguably able to generate some of the best portfolio returns in the stock market over the past generation Nothing But Net provides powerful advice for the next two decades lessons you can start applying today and use for years to come

Competing with Disruptive Business Models in Traditional Industries. Conceptualisation of a Strategic Framework Nils Berkemeyer,2016-05-06 Master s Thesis from the year 2015 in the subject Business economics Business Management Corporate Governance grade 1 0 Cass Business School language English abstract An increasing number of journalistic articles and academic literature deal with the struggle of established companies to fend off the attacks by industry newcomers such as Airbnb Spotify Netflix Google and many others These companies enter traditional industries with innovative business models and compete in a manner which makes it challenging for incumbent firms to understand their novel competition and respond effectively This study introduces a typology of three stages of industry disruption that classify the newcomer s developmental stage and describe the incumbent s competitive position in terms of competition intensity and remaining time to respond It is demonstrated how incumbents may conduct their strategic reasoning along these stages to arrive at a strategic goal and evaluate possible counter measures

Impact of FinTechs on the Banking Sector. Competitor or Partner for Traditional Banks? Alice Hofmann, 2021-06-29 Bachelor Thesis from the year 2018 in the subject Business economics Banking Stock Exchanges Insurance Accounting grade 1.0 University of Applied Sciences Essen language English abstract This paper will analyse if traditional banks deal with the continuous digitization and new technology based competitors especially FinTechs as a threat or rather as a chance for their own business model Is it more likely that banks and FinTechs will link up as partners to benefit from mutual competitive advantages or will it degenerate into a battle for power and market share Furthermore why is it that small start ups can present such a threat to established banks that have been operating for years Innovative start ups revolutionized several business sectors There was Napster for the music industry Uber for the taxi industry and there are FinTechs for the financial sector FinTech is an abbreviation for Financial Technology The designation itself already gives an idea of what their business idea looks like Intelligent technologies and the continuously expanding digitization across all business sectors expands the customers needs and demands towards banks They want to take care of banking business as easily and convenient as they order goods via Amazon ask Google for the way or stream music and movies online via Spotify or Netflix FinTech has recognized that change in customer behaviour and started to build their business models based on
