Blockchain & Decentralized Finance Andrew Walker, 2022-10-07 Blockchain technology and the invention of smart contracts running on it have given rise to Decentralized Finance At the time of its birth DeFi was seen as a response to the 2008 crisis and a hope to democratize finance By eliminating the role of intermediaries and fluidifying property through tokenization finance would become accessible to all To overcome all the obstacles it faced volatility security issues distrust etc DeFi had to find original ways to develop by leveraging sociologically diverse communities of enthusiastic developers users and investors from all over the world In particular it has distinguished itself in the fields of communication marketing and community building through an original use of social networks and messaging tools We have specifically emphasized these latter aspects based on our professional experience and interviews with experts working in the field It appears that DeFi is potentially interesting for companies Indeed Blockchain technology is generalizable to many other areas of economic activity beyond finance Moreover the DeFi communities foreshadow the communities of entrepreneurs and users consumers of the future Web3 0 DeFi is the manifestation of a new era of the Internet Due to key elements of blockchain and smart

contracts the value of data could be wrested from the hands of Internet giants that control the ad market and be restituted to businesses and consumers Through the direct relationship with the consumer this technology is becoming a powerful tool for optimizing business operations reducing costs and creating value Businesses will have to reconsider relationship with their customers in a spirit of community and direct interaction with them which blockchain allows i e through remuneration of the user customer However if blockchain technology is mature its use is still too amateurish In this context it is crucial to rely on recognized professionals because a hasty implementation can lead to serious risks for the reputational and financial integrity of companies Experts we have interviewed have emphasized this key issue On the one hand a business with significant capital can invest heavily in Web3 0 and can develop its own blockchain solutions to stay ahead of its competitors On the other hand a small business cannot do the same With less technical and financial capital the small business is currently only able to implement technologies that are not very advanced and whose utilization carries risks But the situation may change rapidly in the future Get this book and you will learn more on blockchain and decentralized finance [Digital Marketing Fundamentals](#) Marjolein Visser, Mike Berry, 2025-02-04 Digital Marketing Fundamentals covers the entire marketing process The academic theory behind Digital Marketing as well as techniques and media are discussed Digital Marketing Fundamentals is easy to read and contains many international examples and cases The Dutch version of this book Basisboek Online Marketing has become a standard issue in The Netherlands In this book all relevant aspects of Digital Marketing are addressed digital transformation strategy and business models online customer behaviour and learning to understand the customer online branding customer acquisition and customer engagement facilitating online purchases and setting up digital services The book addresses step by step the role of Digital Marketing in each phase of the customer cycle from the inspiration phase and research phase to the maintenance and replacement phase Designing effective websites and apps digital analytics and experimentation and planning and organization are also discussed The book gives the reader an integrated basis with which they can respond to new trends and techniques in the future Digital Marketing Fundamentals is suitable for commercial and management courses in Higher Education including Universities and Business Schools and also for professionals working in Digital Marketing [Coach Me! [The Silent Wife](#) Karin Slaughter, 2020-08-04 WATCH WILL TRENT ON ABC The #1 New York Times bestselling author of *Pieces of Her* returns with the next novel in the Will Trent series that comes with just the right amount of twists, turns, shocks, surprises, and domestic thrill and shills. Parade He watches He waits He takes Who will be next THE SILENT WIFE Investigating the killing of a prisoner during a riot inside a state penitentiary, FBI investigator Will Trent is confronted with disturbing information. One of the inmates claims that he is innocent of a brutal attack for which he has always been the prime suspect. The man insists that he was framed by a corrupt law enforcement team led by Jeffrey Tolliver and that the real culprit is still out there: a serial killer who has systematically been preying on women across the state for years. If Will reopens the investigation and implicates the dead police officer with a hero's reputation of wrongdoing, the opportunistic convict is willing to provide the information FBI needs about the riot murder. Only days ago another young woman was viciously murdered in a state park in northern Georgia. Is it a fluke, or could there be a serial killer on the loose? As Will Trent digs into both crimes, it becomes clear that he must solve the cold case in order to find the answer. Yet nearly a decade has passed, time for memories to fade, witnesses to vanish, evidence to disappear, and lies to become truth. But Will can't crack either mystery without the help of the one person he doesn't want involved: his girlfriend and Jeffrey Tolliver's widow, medical examiner Sara Linton. When the past and present begin to collide, Will realizes that everything he values is at stake.

One Killer Problem Justine Picculla Winans, 2024-06-04 A darkly funny and thoroughly queer mystery thriller with a touch of camp for fans of Kara Thomas and Kit Frick by way of *Only Murders in the Building*. When Gianna Gigi Ricci lands in detention again, she doesn't expect the glorified study hall to be her alibi. But when she and her friends receive a mysterious email directing them to her favorite teacher Mr. Ford's room, they find him lying in a

pool of blood But calling the math teacher s death an accident doesn t add up and Gigi needs all the help she can get to find the truth Luckily she s friends with her high school s Mystery Club and so with her best friend Sean and longtime crush Mari Gigi sets out to solve a murder But it turns out that murderers are extremely unwilling to be caught and the deeper Gigi gets in this mystery the more dangerous things become Between fending off a murderer continual flare ups of her IBS and her archnemesis turning flirtatious making it out of junior year is going to be one killer problem With a wry hilarious voice and a main character who is the walking definition of a disaster bi this book is an ode to cozy mysteries queer found families and fighting for the people you love no matter what
