Ezrachi, Maurice E. Stucke, 2022-06-28 Two market experts deconstruct the drivers and inhibitors to innovation in the digital economy explain how large tech companies can stifle disruption assess the toll of their technologies on our well being and democracy and outline policy changes to take power away from big tech and return it to entrepreneurs Silicon Valley's genius combined with limited corporate regulation promised a new age of technological innovation in which entrepreneurs would create companies that would in turn fuel unprecedented job growth Yet disruptive innovation has stagnated even as the five leading tech giants which account for approximately 25 percent of the S P 500's market capitalization are expanding to unimaginable scale and power In *How Big Tech Barons Smash Innovation and How to Strike Back* Ariel Ezrachi and Maurice E Stucke explain why this is happening and what we can do to reverse it While many distrust the Big Tech Barons the prevailing belief is that innovation is thriving online It isn't Rather than disruptive innovations that create significant value we are getting technologies that primarily extract value and reduce well being Using vivid examples and relying on their work in the field the authors explain how the leading tech companies design their sprawling ecosystems to extract more profits while crushing any entrepreneur that poses a threat As a result we get less innovation that benefits us and more innovations that surpass the dreams of yesteryears autocracies The Tech Barons technologies which seek to decode our emotions and thoughts to better manipulate our behavior are undermining political stability and democracy while fueling tribalism and hate But it's not hopeless The authors reveal that sustained innovation scales with cities not companies and that we as a society should profoundly alter our investment strategy and priorities to certain entrepreneurs Tech Pirates and cities infrastructure **Newsweek**, 2006-09 *Business Review Weekly*, 2007 [International Directory of Company Histories](#) Tina Grant, 2007-11 This directory is intended for reference use by students business people librarians historians economists investors job candidates and others who seek to learn more about the historical development of the world's most important companies **Chemist and Druggist**, 1915 *Adweek*, 2009-04 [Man Overboard](#) Wayne Stinnett, 2022-07-05 Jesse McDermitt has returned to the Florida Keys But things in the islands are different now The locals are worried but nobody can explain why A sense of foreboding hangs in the humid July air One of the locals an investment banker is waiting tables at the Rusty Anchor Bar and Grill He seems a shell of the man he used to be a hollow man whose fortune and wife are gone He's tight lipped about how he came to be a guest in Rufus's little shack behind the bar Something very sinister is going on Jesse smells it He's usually very good at rooting out the source of a problem but is stumped this time Until another tight lipped hollow man shows up **Business 2.0**, 2007 **Florists Exchange and Horticultural Trade World**, 1929 *Business Week*, 2010 [The Times Index](#), 2013-02 Indexes the Times Sunday times and magazine Times literary supplement Times educational supplement Time educational supplement Scotland and the Times higher education supplement **CQ Weekly**, 2007 *Canadian Almanac and Directory 2021* Grey House Canada, 2020-12 The Canadian Almanac Directory is the most complete source of Canadian information available cultural professional and financial
