Lowe-Walker, 2018-01-15 Achieving socio political cohesion in a community with significant ethnic cultural and religious diversity is a difficult challenge in contemporary liberal democracies In the quest for neutrality public policies and institutions shaped by the needs of the majority can inadvertently marginalize minority interests Minority groups must therefore translate their desire for cultural recognition into terms that ironically often minimize cultural difference [Intercultural Deliberation and the Politics of Minority Rights](#) examines the relationship between this minority rights paradox and cultural difference building a compelling case for an inclusive approach to navigating minority rights claims R E Lowe Walker s intercultural deliberation is designed to mitigate the injustices imposed by majority norms Instead of asking what the liberal state can tolerate she asks how our understanding of difference affects our interpretation of minority claims shifting the focus from how to limit difference toward inclusive deliberations This important work thus serves as a measure of
