Gdpr Technology Mapping Guide Forcepoint:

Data Protection Implementation Guide Brendan Quinn, 2021-09-02 The complexities of implementing the General Data Protection Regulation GDPR continue to grow as it progresses through new and ever changing technologies business models codes of conduct and decisions of the supervisory authorities and the courts This eminently practical guide to implementing the GDPR written in an original problem solving style by a highly experienced data protection expert with equal knowledge of both law and technology provides a step by step project management approach to building a GDPR compliant data protection system assessing and documenting the risks and then implementing these changes through processes at the operational level With detailed attention to case law Member State ECJ and ECHR especially where affecting high risk areas that have attracted scrutiny the guidance proceeds systematically through such topics and issues as the following required documentation policies and procedures risk assessment tools and analysis frameworks children s data employee and health data international transfers post Schrems II data subject rights including the right of access data retention and erasure tracking and surveillance and effects of technologies such as artificial intelligence biometrics and machine learning With its practical examples derived from the author s experience in building GDPR compliant software as well as its analysis of case law and enforcement priorities this incomparable guide enables company data protection officers and compliance staff to advise on key issues with full awareness of the legal and reputational risks and how to mitigate them It is also sure to be of immeasurable value to concerned regulators and policymakers at all government levels it s going to be the go to resource for practitioners Tom Gilligan Data Protection Consultant September 2021 I purchased this book recently and I m very glad I did It s the textbook I have been waiting for As someone relatively new to data protection I was finding it very difficult to find books on the practical side of data protection This book is very clearly laid out with practical examples and case law given for each topic which is immensely helpful I would recommend it to any data protection practitioners Jennifer Breslin LLM CIPP E AIPP Member

Guide to the GDPR Maciej Gawronski, 2019-07-17 To execute and guarantee the right to privacy and data protection within the European Union EU the EU found it necessary to establish a stable consistent framework for personal data protection and to enforce it in a decisive manner This book the most comprehensive guide available to the General Data Protection Regulation GDPR is the first English edition updated and expanded of a bestselling book published in Poland in 2018 by a renowned technology lawyer expert to the European Commission on cloud computing and to the Article 29 Working Party now the European Data Protection Board on data transfers who in fact contributed ideas to the GDPR The implications of major innovations of the new system including the obligation of businesses to consult the GDPR first rather than relevant Member State legislation and the extension of the GDPR to companies located outside of the European Economic Area are fully analysed for the benefit of lawyers and companies worldwide Among the specific issues and topics covered are the following insight into the tricky nature of the GDPR rules relating to free movement of personal data legal

remedies liability administrative sanctions how to prove compliance with GDPR direct liability of subcontractors sub processors managing incidents and reporting data breaches information on when and under what conditions the GDPR rules may apply to non EU parties backups and encryption how to assess risk and adjust security accordingly and document the process guidelines of the European Data Protection Board and the GDPR s digest for obligated parties in a form of a draft data protection policy The Guide often breaks down GDPR articles into checklists of specific requirements Of special value are the numerous ready to adapt template compliance documents presented in Part II Because the GDPR contains a set of new obligations and a perspective of severe administrative fines for non compliance this guide is an indispensable practical resource for corporate data protection officers in house counsel lawyers in data protection practice and e commerce start ups worldwide

Data Privacy and GDPR Handbook Sanjay Sharma,2019-11-05 The definitive guide for ensuring data privacy and GDPR compliance Privacy regulation is increasingly rigorous around the world and has become a serious concern for senior management of companies regardless of industry size scope and geographic area The Global Data Protection Regulation GDPR imposes complex elaborate and stringent requirements for any organization or individuals conducting business in the European Union EU and the European Economic Area EEA while also addressing the export of personal data outside of the EU and EEA This recently enacted law allows the imposition of fines of up to 5% of global revenue for privacy and data protection violations Despite the massive potential for steep fines and regulatory penalties there is a distressing lack of awareness of the GDPR within the business community A recent survey conducted in the UK suggests that only 40% of firms are even aware of the new law and their responsibilities to maintain compliance The Data Privacy and GDPR Handbook helps organizations strictly adhere to data privacy laws in the EU the USA and governments around the world This authoritative and comprehensive guide includes the history and foundation of data privacy the framework for ensuring data privacy across major global jurisdictions a detailed framework for complying with the GDPR and perspectives on the future of data collection and privacy practices Comply with the latest data privacy regulations in the EU EEA US and others Avoid hefty fines damage to your reputation and losing your customers Keep pace with the latest privacy policies guidelines and legislation Understand the framework necessary to ensure data privacy today and gain insights on future privacy practices The Data Privacy and GDPR Handbook is an indispensable resource for Chief Data Officers Chief Technology Officers legal counsel C Level Executives regulators and legislators data privacy consultants compliance officers and audit managers

changes you need to make in your organization to comply with the new law

The EU General Data Protection Regulation (GDPR) Paul Voigt, Axel von dem Bussche, 2017-08-07 This book provides expert advice on the practical implementation of the European Union's General Data Protection Regulation (GDPR) and systematically analyses its various provisions. Examples, tables, a checklist, etc. showcase the practical consequences of the new legislation. The handbook examines the GDPR's scope of application, the organizational and material requirements for data protection, the rights of data subjects, the role of the Supervisory Authorities, enforcement, and fines under the GDPR and national particularities. In addition, it supplies a brief outlook on the legal consequences for seminal data processing areas such as Cloud Computing, Big Data, and the Internet of Things. Adopted in 2016, the General Data Protection Regulation will come into force in May 2018. It provides for numerous new and intensified data protection obligations, as well as a significant increase in fines up to 20 million euros. As a result, not only companies located within the European Union will have to change their approach to data security, but due to the GDPR's broad transnational scope of application, it will affect numerous companies worldwide.

The GDPR Challenge Amie Taal, 2021-11-17 Consent is necessary for collecting, processing, and transferring Personal Identifiable Information (PII) and sensitive personal data. But to what extent? What are the limitations and restrictions to avoid penalties under The General Data Protection Regulation (GDPR) 2018? GDPR rules which may be up to 4% of annual global turnover or 20 million, whichever is higher, enforcements and sanctions. Under GDPR Article 51, each EU Member State shall maintain an independent public authority to be responsible for monitoring the application of this regulation to protect the fundamental rights of data subjects. Supervisory Authority: The Supervisory Authority has powers to issue warnings, conduct audits, recommend remediation, order erasure of data, and suspend data transfers to a third country. GDPR has changed the way data is used, accessed, and stored. Its reach extends well beyond the European Union and is the basis of other data privacy laws around the world. This book provides a review and guidance on implementing and compliance of GDPR while taking advantage of technology innovations and supported by real-life examples. The book shows the wide scope of applications to protect data privacy while taking advantage of processes and techniques in various fields such as eDiscovery, Cyber Insurance, Virtual-based Intelligence, Information Security, Cyber Security, Information Governance, Blockchain, and Biometric technologies and techniques.

Determann's Field Guide to International Data Privacy Law Compliance Lothar Determann, 2012-01-01 This book is a timely and welcome addition to the available literature, providing a well-structured introduction to the key facets of international data privacy compliance. The guide provides the reader with clear guidance on managing the regulatory risk associated with data privacy compliance, notably in both the EU and the US. The use of checklists and an A-Z chapter are particularly welcome, as is the solution-focused approach adopted throughout the guide. I recommend this book as a useful tool for obtaining an understanding of the practical issues thrown up by international data protection compliance. Colin Rooney, Partner, Technology Group, Arthur Cox. Understanding and having an awareness of

international data protection laws is becoming increasingly essential not just for privacy professionals but for everyone in our globally networked and information driven economy True to its title Determann s Field Guide is a smart pragmatic highly personal and often funny reference that makes short work of simplifying opaque concepts and obliterates legal jargon In its eminently readable form it will empower the uninitiated and deepen the understanding of the seasoned professional Laura Hamady Senior Corporate Counsel Regulatory and Privacy US This is a blueprint for an enterprise wide privacy program that will cover 99% of all situations your company might encounter worldwide It moves beyond what do I need to think about to what do I need to do An excellent resource for anyone tasked with running a holistic privacy program or for CEOs who are considering whether they need to implement such a program Patrick Hagan JD Privacy Consultant Determann s Field Guide takes the complicated subject of international privacy and breaks it down into helpful topics checklists and suggestions the focus on practical advice in an easy to use format makes it an ideal reference tool for in house privacy professionals Rebecca Matthias Senior Corporate Counsel Privacy Data Protection VMware Inc With the proliferation and diversity of privacy risks and international regulatory controls and the increasingly obvious intersection of data security and privacy no company can afford to overlook the importance of an up to date and well tailored global compliance program For companies doing business in the cloud or transacting with consumers a well considered international data privacy compliance program is not only a critical legal and liability control it s fundamental to earning and maintaining the trust of your customers In this comprehensive yet concise field guide Professor Determann has managed to consolidate an enormous breadth of legal requirements and best practices knowledge into a single definitive reference that should be quite accessible even to non privacy professionals As general counsel of a multinational public company I consider Determann s Field Guide to International Data Privacy Law Compliance to be a pragmatic and indispensable reference in improving our compliance program and highly recommend it for anyone looking for clear practical guidance on establishing or improving their data privacy program Felix Sterling Senior Vice President General Counsel at Trend Micro Inc US Determann s Field Guide to International Data Privacy Law Compliance is an indispensable handbook for international privacy professionals Written by a star lawyer it explains how to develop and maintain a corporate privacy compliance program the book manages both to explain the big picture of global privacy challenges and to point out relevant details in a clear and concise fashion Paul M Schwartz Berkeley Center for Law Technology US Determann s Field Guide is an insightful practical guide which should be on every privacy practitioner s desk Daniel Blaettler Vice President Associate General Counsel Verisign Lothar Determann has done a great service to the field of privacy by providing practical workable advice for a dynamic and challenging issue This Field Guide will certainly be a valuable and soon dog eared addition to any privacy professional s reference library J Trevor Hughes President and CEO International Association of Privacy Professionals Companies lawyers privacy officers developers marketing and IT professionals face privacy issues more and more frequently Much information is freely available

but it can be difficult to get a grasp on a problem quickly without getting lost in details and advocacy This is where Determann s Field Guide to International Data Privacy Law Compliance comes into its own helping to identify issues and provide concise practical guidance in an increasingly complex field shaped by rapid change in international laws technology and society Determann s field guide focusses on the compliance issues that are likely to be encountered by the majorities of companies Starting with an overview of the key concepts in the field in order to provide a basic understanding of data privacy the book offers practical advice on initiating maintaining and then auditing a compliance program with checklists designed to assist this process the book also gives step by step guidance on drafting documentation for data privacy compliance including notices consent forms agreements protocols request forms and government notifications and provides sample documentation to use as a model A handy A Z of data privacy compliance completes the book and gives a concise tour of privacy related issues from Advertising to Zip Codes Lightweight enough to carry around the book should be on the desk and in the briefcase of every compliance officer and corporate counsel

Key Features Concise overview of the practical requirements of data privacy compliance Step by step guide to starting and maintaining a compliance programme Advice on drafting documentation gives the user the tools to complete an end to end process Glossaries of key acronyms and terms help the user to navigate through the field Includes sample documentation and checklists to ensure the clearest possible guidance Clear structure facilitates quick reference

Data Privacy Law: A Practical Guide to the GDPR Gwen Kennedy, 2019-05-23 A detailed look at the General Data Protection Regulation GDPR Understand how to comply Learn Quick Tips providing answers to your data privacy questions Learn how to engage a data privacy officer conduct direct marketing campaigns create compliance documentation choose a legal basis for collecting personal information respond to data subject requests Avoid costly fines and penalties by ensuring your company s activities comply Learn about Data Privacy Impact Assessments data mapping and data subject requests Answers questions about obtaining consent processing and retaining personal information Do your company s direct marketing campaigns conflict with the GDPR Learn how to create a data privacy compliance program Included is a survey of all EU member states data privacy laws

Determann's Field Guide To Data Privacy Law Lothar Determann, 2020-01-31 Companies lawyers privacy officers compliance managers as well as human resources marketing and IT professionals are increasingly facing privacy issues While information on privacy topics is freely available it can be difficult to grasp a problem quickly without getting lost in details and advocacy This is where Determann s Field Guide to Data Privacy Law comes into its own identifying key issues and providing concise practical guidance for an increasingly complex field shaped by rapid change in international laws technology and society
