Last Train To Paradise:

Last Train to Paradise Les Standiford, 2003-08-05 The fast paced and gripping true account of the extraordinary construction and spectacular demise of the Key West Railroad one of the greatest engineering feats ever undertaken destroyed in one fell swoop by the strongest storm ever to hit U S shores In 1904 the brilliant and driven entrepreneur Henry Flagler partner to John D Rockefeller dreamed of a railway connecting the island of Key West to the Florida mainland crossing a staggering 153 miles of open ocean an engineering challenge beyond even that of the Panama Canal Many considered the project impossible but build it they did The railroad stood as a magnificent achievement for more than twenty two years heralded as the Eighth Wonder of the World until its total destruction in 1935 s deadly storm of the century In Last Train to Paradise Standiford celebrates this crowning achievement of Gilded Age ambition bringing to life a sweeping tale of the powerful forces of human ingenuity colliding with the even greater forces of nature s wrath

- 1 Hemingway was a resident of Key West in 1935 He had completed a manuscript of *The Green Hills of Africa* which he considered his best writing since *Death in the Afternoon* He was excited to see if the public s approval matched his own
- 2 In the 1920s Hurricane Hernan was approaching Florida It was a minimal hurricane with winds hovering in the 75 mph range The newspapers reported the location of the storm as just east of Long Island in the Bahamas some 400 miles east of Key West
- 3 Hemingway spent the rest of Sunday evening and the following morning moving lawn furniture and shooing the ever present horde of cats inside his house The barometer was falling precipitously and the streets all over the town

resounded with the crack of hammers driving nails into shutters 4 The full force of the storm had already begun to sweep ashore when it hit Matecumbe Key eighty miles to the north and east of Key West The residents there were unprepared for such a storm and panic ensued when the winds began to blow

was also an era when rail journeys provided excitement companionship and romance Royal trains troop trains rugby specials tourist trains all come to life in Graham Hutchins evocative descriptions of rail travel in the golden age In the first half of the twentieth century travelling by train was the easiest way to get around New Zealand Lines existed between most provincial towns and world famous visitors like Mark Twain and Lord Kitchener frequented the network The Rotorua Limited carried the well to do in some style to take the waters in Rotorua the Central Otago Express ventured through the tussock hinterland as far as Cromwell the Auckland Opuia Express took passengers keen to discover the delights of the Bay of Islands while the Onehunga Boat Train used to be part of the main route between Auckland and Wellington

LAST TRAIN TO PARADISE describes the halcyon days of New Zealand rail some of which the author was fortunate enough to experience personally The name trains and journeys cover a considerable period of New Zealand s history from the late 1800s to the golden era of train travel the first five decades of the twentieth century Among the special journeys covered are the Prince of Wales royal progress through New Zealand in 1920 and travelling with fans on the Test Match Special to enjoy the rugby in 1956 Graham Hutchins vividly evokes a way of life that has all but disappeared recalling a host of characters and incidents from an ageless obsessed with the motorcar The book includes a wide variety of fascinating and unfamiliar photographs both of the trains themselves and the people who travelled in them
