The author also details how her foster father turned out to be the Grimes sisters' killer. *Return to Roar* Jenny McLachlan, 2021-06-29 The imaginary world they created has been waiting for them to come back. They are figures of a new transformation in capitalism in which the logic of the self is indistinguishable from the logic of the corporation. Influencers are emblematic of what Bollmer and Guinness call the Corpocene, a moment in capitalism in which individuals achieve the status of living, breathing, talking.

corporations Behind the veneer of leisure and indulgence most influencers are laboring daily usually for pittance wages to manufacture a commodity called the self a raw material for brands to use with the dream of becoming corporations in human form by owning and investing in the products they sell Refuting the theory that digital labor and economies are immaterial Bollmer and Guinness search influencer content for evidence of the material infrastructure of capitalism Each chapter looks to what literally appears in the backgrounds of videos and images the houses cars warehouses and spaces of the market that point back to the manufacturing and circulation of consumer goods Demonstrating the material reality of producing the self as a commodity The Influencer Factory makes a crucial contribution to our understanding of contemporary economic life
