[An Encounter With Destiny](#) Blythe Dowling-Eversly, 2024-11-07 Try as we might rarely do we receive second chances to fix previous indiscretions In the case of Dez Hourie a sergeant in the top secret Hyperphonic division of the U S Air Force she s about to experience one of those supposed instances With her superiors clamoring to shut down the program due to their dissatisfaction with the results thus far Dez is backed into a corner considering the military s reluctance to use human test subjects If the program is disbanded who knows where they ll send her next Things become even more complicated once she runs into an old friend who has evolved from his dorky undergrad days into a present day hunk a transformation that leaves the sergeant feeling foolish to say the least once she also discovers that he s engaged With an uncertain future staring her in the face both personally and professionally Dez decides to roll the dice convincing the research team leader that the only solution to their problems resides in the past Left with seemingly no choice he reluctantly agrees However Dez is about to learn what many others before her have and that is in this life there are no coincidences

Wifey Material Blythe Dowling-Eversly, 2024-01-10 Happy wife Happy life This recurrent phrase has slowly morphed from folksy colloquialism to full blown mantra by an ever increasing share of married men all around the modern world The irony or the ignominy depending on which side of the aisle you sit on being that no such idiom appears to exist in the reverse Nevertheless for Bethuel Bee Blazey finding that special someone to stand beside him while he grows his family business has proven to be an exercise in futility More meme than Kermit the Frog sipping black tea Introducing M A I A short for Modifiable Artificial Intelligence Android Designed to complement the forgotten men and women on the go who struggle with the ever evolving intricacies of relationships in today s hyperactive online focused world Maia s unique conjugal abilities would prove to be a welcome addition to Bee s mental physical and emotional well being But as renowned 19th century poet Emily Dickinson once wrote Fame Is A Bee The more self aware Maia becomes the more Bee realizes that the old adage still rings true There s no such thing as a free lunch Everything comes with a price He is

at a crossroads with the machine poised to take total control If a return to normalcy is what he truly desires then it is action he must take while being cognizant to remember Newton's third law For every action there's an equal and opposite reaction

What begins as a weekend side gig to pay the bills turns into something much greater for the struggling actor who notices the high class crowd that Jenna calls her circle For a guy who s been trying to hustle his way into a career for years hobnobbing with the one percent is the gift that keeps on giving With the pressure mounting to end this charade before it all blows up in her face Jenna pulls out all the stops in hopes of turning her cordially invited guest into a social pariah Her actions begging the question When you re already paddling in a sea of lies is one more stroke really gonna kill ya This is one invitation you re gonna regret turning down
