

CHAPTER 2: CONSTITUTION

CONSTITUTION

A constitution is a nation's basic laws. It creates political institutions, allocates power within government, and often provides guarantees to citizens. A constitution sets the broad rules of the game of politics, allowing certain types of competition amount certain players.

THE ORIGINS OF THE CONSTITUTION

John Locke was one of the most influential philosophers read by colonists. The foundation upon which Locke built his powerful philosophy was a belief in **natural rights** – rights inherent in human beings, not dependent on governments. Government, Locke argued, must be built on the
