**Dreams of the Overworked** Christine M. Beckman, Melissa Mazmanian, 2020-06-09 A riveting look at the real reasons Americans feel inadequate in the face of their dreams and a call to celebrate how we support one another in the service of family and work in our daily life Jay s days are filled with back to back meetings but he always leaves work in time to pick his daughter up from swimming at 7pm knowing he ll be back on his laptop later that night Linda thinks wistfully of the treadmill in her garage as she finishes folding the laundry that s been in the dryer for the last week Rebecca sits with one child in front of a packet of math homework while three others clamor for her attention In Dreams of the Overworked Christine M Beckman and Melissa Mazmanian offer vivid sketches of daily life for nine families capturing what it means to live work and parent in a world of impossible expectations now amplified unlike ever before by smart devices We are invited into homes and offices where we recognize the crushing pressure of unraveling plans and the healing warmth of being together Moreover we witness the constant planning that goes into a good day often with the aid of phones and apps Yet as technologies empower us to do more they also promise limitless availability and connection Checking email on the weekend monitoring screen time and counting steps are all part of the daily routine The stories in this book challenge the seductive myth of the phone clad individual by showing that beneath the plastic veneer of technology is a complex hidden system of support our dreams being scaffolded by retired in laws friendly neighbors spouses and paid help This book makes a compelling case for celebrating the structures that allow us to strive for our dreams by supporting public policies and community organizations challenging workplace norms reimagining family and valuing the joy of human connection

**A Game of Three Halves** Dennis Shaw,2014-12-04 The word unique is often wrongly used but in the case of A Game of THREE Halves the author s story is indisputably one of a kind No other writer has worked on the inside for both Aston Villa and Birmingham City while keeping an eye on local and national footballing affairs for more than seventy years During that period he met and sometimes worked with many of the best known personalities in world football from Pele to Cruyff Busby to Ferguson Matthews to Cullis Wright to Banks Hill to Coleman Saunders to Atkinson Best to Francis and many more From war time football to the present day across eight decades football has changed so much that not even the ball apart from still being spherical is the same as before The fight to remove the maximum wage the initially steady and ultimately explosive growth in pay the arrival and development of European football the curse of the hooligan the introduction of the Premier League A flavour of these developments can be found in these pages This is not an anorak s football history but a lively collection of real life anecdotal memories laced with controversial personal comment The object of the exercise is simply to be a good read while hopefully introducing a touch of football and social history Here can be found such unlikely characters as an armed robber an exorcist some terrified sky divers half a moustache that went missing a factual hungover Biggles and a shoot to kill former iron curtain guard This is a look at football like no other
