Gates,2020-12-11 Social media has traversed far greater heights than simply being a medium for user generated content  
Today it s a tool for consumer empowerment we all witness big conglomerates being brought to their knees by that one  
dissatisfied tweet or widely shared post and a gratifying brand consumer partnership Even companies that have long been  
dismissing social media as frivolous and flippant have started taking note of its benefits They ve realized that social media is  
not limited to games and light hearted opinion polls which are also hugely successful in creating affable brands but can  
involve more serious discussions and insights that are invaluable when it comes to building strong brands Unlike traditional  
marketing mediums social media doesn t swallow a huge chunk of your advertising and promotion budget You don t need to  
create cost intensive and ineffectual marketing plans that leave you broke All you need is some creativity perceptiveness and  
an intuitive understanding about your audience s needs More than sharp business acumen you need a human touch Social  
media gives your brand a human angle without breaking the bank Currently social media marketing is the most powerful tool  
that can help businesses to reach customers and prospects whether small or not But with over 88 percent of all companies  
selling on at least one social media platform you can see how tempting it can be for the company to get lost in all that noise  
To achieve more organic visibility meet committed brand fans and even generate more sales and leads on your company  
social media pages you ll need a succinct marketing strategy to rise to the top Thankfully this book offers just that for you  
The book will show you how to promote your brand on social media peeling through the layers of the most popular social  
media sites to get to the heart of what makes an online marketing campaign effective Whether you are either active on social
