The Everything War Dana Mattioli, 2024-04-23 Most Anticipated by Foreign Policy Globe and Mail Next Big Idea Club Must Read April Books A Publishers Weekly Best Book of the Year Will stand as a classic Christopher Leonard Riveting shocking and full of revelations Bryan Burrough From the Pulitzer Prize winning veteran Amazon reporter for The Wall Street Journal *The Everything War* is the first untold devastating expos of Amazon s endless strategic greed from destroying Main Street to remaking corporate power in pursuit of total domination by any means necessary In 2017 Lina Khan published a paper that accused Amazon of being a monopoly having grown so large and embedded in so many industries it was akin to a modern day Standard Oil Unlike Rockefeller s empire however Bezos s company had grown voraciously without much scrutiny In fact for over twenty years Amazon had emerged as a Wall Street darling and its customer obsession approach made it indelibly attractive to consumers across the globe But the company was not benevolent it operated in ways that ensured it stayed on top Lina Khan s paper would light a fire in Washington and in a matter of years she would become the head of the FTC In 2023 the FTC filed a monopoly lawsuit against Amazon in what may become one of the largest antitrust cases in the 21st century With unparalleled access and having interviewed hundreds of people from Amazon executives to competitors to small businesses who rely on its marketplace to survive Mattioli exposes how Amazon was driven by a competitive edge to dominate every industry it entered bulldozed all who stood in its way

reshaped the retail landscape transformed how Wall Street evaluates companies and altered the very nature of the global economy It has come to control most of online retail and uses its own sellers data to compete with them through Amazon s own private label brands Millions of companies and governmental agencies use AWS paying hefty fees for the service And the company has purposefully avoided collecting taxes for years exploited partners and even copied competitors leveraging its power to extract whatever it can at any cost It has continued to gain market share in disparate areas from media to logistics and beyond Most companies dominate one or two industries Amazon now leads in several And all of this was by design The Everything War is the definitive inside story of how it grew into one of the most powerful and feared companies in the world and why this lawsuit opens a window into the most consequential business story of our times *The Amazon* Lopes
