

# Student Loan Repayment

## Choose a repayment plan

Setting up a payment plan may help you avoid missing a payment and could potentially save you money on interest [i]

ex. Auto-payments or Income-Based Repayment (IBR)

## Look into loan consolidation

- Simplifies your repayment process by combining some loans into one bill
- May lower your monthly payments by giving you up to 30 years to repay your loans [ii]

## Loan Deferment and Forbearance

- Allows you to temporarily postpone or reduce your payments
- If you qualify for deferment, you will not need to make payments during this time period.
- With forbearance, interest will still accrue on subsidized and unsubsidized loans.
