What type of case management plan is described below?

This is a detailed plan with allowances for documentation and medical orders. It demonstrates evidence of a collaborative approach to care. The plan specifies the necessary interventions and the related and expected outcomes in relation to the patient's progression toward recovery. Because they are outlined prospectively, sequences of events, specific timeframes, and patient outcomes are identified. This specificity lets practitioners easily evaluate the patient's condition and determine the next appropriate step in her or his care.

- a. Clinical/critical pathways
- b. Multidisciplinary action plan
- c. Algorithm
- d. Issue-specific recommendation Ans- B
