**Eve's Apple** William Lindsey Thomas,2020-06-25 Eve s Apple is the story of how one lady Eve contracted and spread the most fatal disease ever known to mankind as an act of her mind and will The name of this disease is sin This disease of sin is the root cause of all war murder stealing lies and every other known form of evil in the world The result has been the death of every generation of mankind who has ever lived But wait a minute you say I believe death is caused by old age or cancer a heart attack or some other physical problem or disease and not by some religious belief called sin This is partly true But what is the root cause of all known diseases And if all known diseases result in death isn t this just another way sin manifests itself In addition to all these facts I believe the story of Eve s apple defines the history of the human race Ralph Waldo Emerson once wrote There is no such thing as history only biography Well if history is a collection of biographies or stories then this story of Eve s apple ranks among the most important of all The story of Eve s apple began mankind s conflict with a good and evil in our world This struggle by you and me and the rest of the human race has affected our world and history more than any other challenge in life How mankind has chosen to struggle with this conflict has shaped the history of our world If the above reasons for Eve s importance to history and your life are not enough may I suggest one more contained in this story of Eve is the prophecy of God s answer to Eve s sin which contains faith hope and love

**God's Mother, Eve's Advocate** Tina Beattie,2002-12-01 Tina Beattie has written a stunning book on the theology of woman Her stated objective is to discern the place of the female body in the Christian story of salvation and she has done so from the very heart of Christian stylisations of the female the figures of Mary and Eve Beattie has pursued her subject with the aid of French psychoanalytic feminism these writers are preoccupied as is Catholic theology with questions of language and symbolism But she deliberately puts herself at odds with neo orthodoxy and feminist liberal theology she believes that theologians like von Balthasar depart from the best Patristic tradition of Marian theology with disastrous effect Nor does she offer any solace to the Marina Warners of this world in a book which is strong in defence of classical Marian theology She defends with passion and theological insight not only the Virgin Birth the Immaculate Conception and the Assumption but also the perpetual virginity of Mary Virginal desire according to Beattie need not be seen negatively but as an affirmation of the integrity of women s desire before God in a way not dependent on the phallus nor reducible to genitality
