does something different It tells you which neighborhoods locals actually love why your daily croissant purchase matters more than you think and how to experience one of the world s most visited cities without contributing to the forces that are slowly destroying what makes it worth visiting This is a guide for curious conscious travelers who want more than highlights and hotel recommendations It s for people who understand that the best meal of their trip might be a 10 bowl of ph in the 13th arrondissement that walking instead of taking taxis reveals a completely different city and that being a thoughtful guest in someone else s home is both more ethical and more rewarding than being a tourist in a theme park What you ll find inside A deeply personal honest account of learning Paris the hard way the wrong shoes the bad restaurant choices the Louvre mistake the moment a neighbor corrected the author s French pronunciation and sent them to a better boulangerie And everything that came after six trips five years and the slow accumulation of knowledge that only comes from paying serious attention to a place Detailed neighborhood guides to the Paris that doesn t make most travel lists the creative energy of the 10th and 11th arrondissements the forgotten charm of the 12th the multicultural vitality of the 19th and 20th the residential authenticity of the 14th and 15th The places where Parisians actually live eat shop and gather Five detailed walking routes and three bike routes that mix famous monuments with hidden courtyards showing you the city at the only pace that reveals it properly human speed on foot with permission to get lost Honest guidance on the famous sights should you climb the Eiffel Tower Visit the Louvre Make the trek to Versailles This book doesn t tell you what you should want it tells you how to experience what you do want thoughtfully sustainably and without contributing to the overtourism that s degrading these places A deep cultural dive beyond the postcard Paris s immigrant communities and colonial history its LGBTQ culture and labor movements its religious complexity and language politics the neighborhoods nobody photographs and the difficult histories that explain the city you re walking through Practical sustainability frameworks that actually work where to stay how to get around where to eat what to buy how to support local economies rather than corporate tourism infrastructure and how to think honestly about the carbon cost of international travel without either ignoring it or letting guilt ruin everything Day trips by train to Chartres Giverny Fontainebleau Reims Rouen and beyond using France s extraordinary rail system to see ch teaux cathedrals champagne houses and medieval towns without renting a car And finally everything the author wishes someone had said before that first trip The cultural misunderstandings the money mistakes the unexpected joys the foods that changed everything the moments that didn t make the Instagram feed but became the memories that lasted Paris Unfiltered is not a comprehensive encyclopedia It s a framework and a philosophy curious sustainable local focused that will serve you whether you re visiting for the first time or the fifth It s the guide written for the traveler who wants to come home changed not just photographed Paris will teach you if you let it Start by saying bonjour Perfect for first time visitors to Paris sustainable and responsible travelers food and culture enthusiasts independent travelers who prefer depth over highlights anyone returning to Paris who wants to see beyond the tourist trail
