The Maiden's Odyssey Paul Coulter, 2010-11-27 THE MAIDEN S ODYSSEY is historical fiction set in the 8th Century BCE A young captive named Nerissa survives her slave ship s passage from Asia Minor to the Greek island of Ithaca Purchased by an aristocratic family she first encounters Homer when he recites The Iliad at a banquet where she s serving Once her master Theoton discovers Nerissa s keen intelligence he involves her in his plan to introduce democracy When Theoton s fortunes turn Nerissa s sold off to a man of a much different stripe Brutalized by her second master Tragus Nerissa escapes only to be recaptured and punished harshly She seeks blind Homer s protection but he insists on returning her While leading Homer errantly Nerissa recounts the ordeal of her family that led to her enslavement As he struggles with the opening for his new poem The Odyssey Homer becomes intrigued by Nerissa s tale He corrects her at each juncture insisting on turning real events into heroic exploits manipulated by the Gods But he refuses to buy her deeply scornful of a woman s ability to be a scribe Actually he s heavily in debt and can t afford the few drachma it would cost for a damaged slave Their encounter sets off a chain of tragedy and triumph winding through the next ten years *Feminist Views from Somewhere* Leslie Gardner, Frances Gray, 2016-12-08 Feminist Views from Somewhere Post Jungian Themes in Feminist Theory explores what and how Jungian thought contributes to feminist thinking Broadly speaking feminist thinking or thinking by and about women as autonomous intelligent and independent agents has opened up scholarship through insightful reflective critique and practice This is the starting point of this collection from a range of theorists interested in the multiple concerns of Jungian and analytical psychology The contributors take a unique approach to Jungian thinking Rather than focusing on its mythological aspects the authors develop alternative feminist approaches that enhance the appreciation of the possibilities for Jungian and post Jungian studies With a primarily theoretical orientation the rigorous critical approaches in the collection highlight the possibilities of imaginative Jungian theory Divided into three parts Viewing Earth Clinical Perspectives and Literary Landscapes the chapters cover themes including embodiment intersubjectivity individuation and narrative The contributors vividly reflect the range and diversity of opinions amongst women influenced by Jungian thought Feminist Views from Somewhere is essential reading for academics and students of Jungian and post Jungian studies women s studies and gender studies as well as analytical psychologists in practice and in training The maiden's tower [tr. from Jungfrutornet].
