Meta-Meditation for Mental Health Steve Haberlin, 2026-04-07 *Meta-Meditation for Mental Health* educates readers about the evolving possibilities of meditation practice using technology-assisted devices, applications, and platforms, and assists them in navigating this information to make it practical and gain benefits in their lives. Fueled by a growing body of scientific evidence, technology advances including neurofeedback, virtual reality, and artificial intelligence have prompted the creation of meditation-assisted devices and applications that are radically changing how traditional meditation has been practiced. Together, these meditation technologies have created a new or evolved form of meditation practice, something that extends beyond the traditional concepts and approaches a meta-meditation.
