changes shaping podcasts as a media format the book explores the industrial technological and cultural components of podcasting alongside case studies of various podcasts industry publications and streaming audio platforms e g Spotify Google and Apple Podcasts Jeremy Wade Morris argues that as streaming platforms push to make podcasting more industrialized accessible user friendly and similar to other audio media like music or audiobooks they threaten podcasting s early though always unrealized promises This is the go to introduction for students and researchers of media communication and cultural studies as well as readers who enjoy making and listening to podcasts

Settler Colonialism is the Disaster Cassandra Shepard,2026-01-06 Rebuilding efforts in the aftermath of Hurricane Katrina and during the COVID 19 pandemic unleashed perpetual disaster on New Orleans Black and Indigenous communities Neoliberalism masked by the auspices of repair progress and inclusion reinforced the plight of the urban poor while exacerbating the racial and class inequalities that existed before the storm Cassandra Shepard s analysis draws on ideas of settler colonialism to chart how depriving Black and Indigenous people of critical resources intensified the harm violence and death inherent in systems of colonization As Shepard shows the rhetoric of improvement allows coloniality to masquerade as rebuilding while white elites consolidate

power profit and privilege Displaced and disenfranchised people of color meanwhile experience the impact of racial disaster capitalism with the chaos surrounding Katrina and COVID 19 obscuring the for profit economic political and social exploitation of non white New Orleanians Ambitious and provocative Settler Colonialism is the Disaster refutes the myth of New Orleans presumptive revival by shining new light on the ongoing colonization project at its heart
