Write out a short 3-5 sentence professional summary which highlights your educational background, your experience, your career goals, and the value you bring to the table. Make it concise, but valuable. If the following sentences don't read your own summary, they should get a thumbs down. Think of what you are about and why you should get a following offer over other students.

## EDUCATION

Degree, School Name, School City, School State

Graduation Month, YEAR

## TECHNICAL SKILLS

- Therapeutic Expertise:** list specific therapeutic areas that you may have expertise in separated by commas (good to highlight your expertise, especially if you're applying for fellowships within specific therapeutic areas; if not, it's also a good way to show your breadth of knowledge in therapeutic areas)
- Clinical Development:** list aspects of the clinical development process you have knowledge in, separated by commas to highlight that you know what you're talking about when it comes to the pharma industry, and that you know how to work individually
- Technology & Software:** list out software (MS Office, etc.) and programming languages you are both using
- Business Development:** list out any business-specific skills you have, such as sales, marketing, etc. (seeking help in the pharma industry)
- Soft Skills:** list out all the soft skills you want to mention, separated by commas (again a great way to highlight your soft skills and connect them)

## WORK EXPERIENCE

Company Name, Company City, Company State Start Month YEAR - End Month YEAR  
Department, Role

- 3-5 bullet points highlighting projects and more importantly, the impact of your work in this role
- Make sure to include metrics in your bullet points (i.e., quantifiable data representing the value your work had)
- Don't have too many bullet points
