Amazon In The Us Open Now:

On the Banks of the Amazon William Henry Giles Kingston, 2023-08-22 In *On the Banks of the Amazon* William Henry Giles Kingston presents a captivating narrative that intertwines adventure exploration and the rich cultural tapestry of the Amazon River region. Written in the mid 19th century, Kingston's literary style reflects the romanticism of his time, infused with vivid descriptions that bring the lush landscapes and diverse ecosystems to life. Through the eyes of his young protagonist, the story unfolds as a journey of discovery, emphasizing themes of courage, friendship, and the complexities of human interaction with nature and indigenous populations. William Henry Giles Kingston was a prolific British author known for his adventurous tales, greatly influenced by his own experiences and the Victorian fascination with exploration during a period of significant imperial expansion. Kingston's background as a sailor and his interest in geography shaped his vivid portrayals of foreign lands and peoples, enabling him to bring authenticity and excitement to his tales. His firsthand knowledge of maritime life can be seen in the detailed descriptions and realistic adventures that pepper this narrative. *On the Banks of the Amazon* is highly recommended for readers who relish tales of adventure that illuminate the wonders of the natural world and encourage introspection about cultural understanding. Kingston's deft storytelling not only entertains but also invites readers to contemplate their relationship with the environment and the ethical implications of exploration, making it an essential read for both young adults and scholars of Victorian literature.

Planet Amazon Crystal Dawn, 2013 Andrea Staton, an Army Colonel, dedicates her career and her life to finding the hidden doorway from Earth to the planet Amazon. She is expecting an advanced world that she can learn from, but she is surprised by what appears to be a primitive world that is at war with Gallegos, the closest planet to them. As she negotiates her way around Amazon, Gallegos, and further into their galaxy, she learns secrets that unlock the past, not only of these worlds but also of Earth and specifically her own ancestors. She must learn to be a warrior and to deal with the men here, who she finds very different and much harder to resist than the men from Earth. Can she choose between the men that pursue her, or will she choose to pursue the elusive man that resists the attraction they share? During her journey, she finds that not only can one person lead to great change, but also that sometimes you can't fight fate.
