Read the short passage and answer the questions.

## The Dog and the Shadow

It happened that a Dog had got a piece of meat and was carrying it home in his mouth to eat it in peace. Now on his way home, he had to cross a plank lying across a running brook. As he crossed, he looked down and saw his own shadow reflected in the water beneath. Thinking it was another dog with another piece of meat, he made up his mind to have that also. So he made a snap at the shadow in the water, but as he opened his mouth the piece of meat fell out, dropped into the water and was never seen more.

This crash course will furnish you with the basic practical information you need to excel at readers advisory. RA for adults and teens. The question can you recommend a good book can be one of the most daunting you face notwithstanding the fact that recommender tools are ubiquitous. Often uncertainty arises because although librarians are called on to perform such services daily readers advisory is a skill set in which most have no formal training. This guide will remedy that. You'll learn about multiple RA approaches such as genre appeal, features and reading interests and about essential tools that can help with RA. **In the Best Interest of Students** Kelly Gallagher, 2023-10-10 In his new book *In the Best Interest of Students: Staying True to What Works in the ELA Classroom*, teacher and author Kelly Gallagher notes that there are real strengths in the Common Core standards and there are significant weaknesses as well. He takes the long view, reminding us that standards come and go but good teaching remains grounded in proven practices that sharpen students' literacy skills. Instead of blindly adhering to the latest standards movement, Gallagher suggests increasing the amount of reading and writing students are doing while giving students more choice around those activities. Balancing rigorous, high-quality literature and non-fiction works with student-selected titles. Encouraging readers to deepen their comprehension by moving beyond the four corners of the text. Planning lessons that move beyond Common Core expectations to help young writers achieve more authenticity through the blending of genres. Using modeling to enrich students' writing skills in the prewriting, drafting, and revision stages. Resisting the de-emphasis of narrative and imaginative reading and writing. Amid the frenzy of trying to teach to a new set of standards, Kelly Gallagher is a strong voice of reason, reminding us that instruction should be anchored around one guiding question: What is
