Fionamara is a smuggler Antal is the reason her people fear the dark Fi ferries contraband between worlds stockpiling funds and stolen magic to keep her village self sufficient free from the blood sacrifices humans have paid to Antal's immortal species for centuries Only legends whispered through the pine forests recall a time when things were different before one world shattered into many and the flesh devouring beasts crept from the cracks between realities with their sable antlers and slender tails lethal claws and gleaming fangs Now mortal lives are food to pacify their carnivorous overlords exchanged for feudal protection and the precious silver energy that fuels everything from transport to weaponry When Fi gets planted with a stash of smuggled energy a long lost flame recruits her for a reckless heist that escalates into a terrorist bombing and a coup against the reigning immortals with Fi's home caught in the crossfire She's always known the dangers of her trade and of the power she's wielded since childhood allowing her to see the secret doors between dimensions to walk the Void itself But nothing could have prepared her for crossing paths with Antal For the deal she'll have to make with him a forced partnership to reclaim his city that begins as a desperate bid for survival only to grow into something far more dangerous A revolution And a temptation for how sweet the monster's fangs might feel From the author of the instant Sunday Times bestselling The Phoenix Keeper comes an era defining new fantasy universe where spicy romantasy meets the Cosmere unmissable for fans of the world building scale of Sarah J Maas and the world shifting stakes of Rebecca Yarros Voidwalker will be your next romantasy obsession a deliciously feral story that started with just two words bite me
