Nemoidians and the lightsabers of the Jedi Knights **Star Wars Meets the Eras of Feminism** Valerie Estelle Frankel, 2020-07-07 Star Wars defined popular big screen science fiction Still what many viewers best recall is assertive hilarious Leia the diminutive princess with a giant blaster who had to save them all As the 1977 film arrived women were marching for equality and demanding equal pay with few onscreen role models Leia echoed their struggle and showed them what they could be Two more films joined in though by the early eighties post feminism was pushing back and shoving the tough heroine into her pornographic gold bikini After a sixteen year gap the prequels catered to a far different audience

Queen Amidala's decoy power originates in how dominated she is by her massive royal gowns. This obsession with fashion but also costuming as a girly superpower fits well with the heroines of the time. The third wavers filled the screens with glamorous mighty girls strong but not too strong like the idealistic teen Ahsoka of Clone Wars. However space colonialism abusive romance and sacrifice left these characters a work in progress. Finally the sequel era has introduced many more women to fill the galaxy: Rey, Jyn, Rose, Maz, Qi'ra, Val L3, 37, Captain Phasma, Admiral Holdo, and of course General Leia. Making women the central warriors and leaders while keeping them powerful and nonsexualized emphasizes that they can share in the franchise instead of supporting male Jedi. There's also more diversity though it's still imperfect. Hera and Sabine on the spinoff cartoon *Rebels* and the many girls in the new franchise *Forces of Destiny* round out the era along with toys, picture books, and other hallmarks of a new more feminist fourth wave for the franchise.

Star Wars and the Hero's Journey
Valerie Estelle Frankel, 2021-03-12. The original Star Wars trilogy famously follows Joseph Campbell's model for the hero's journey, making Luke Skywalker's story the new hero quest for a modern age. With the nine-plus film saga complete, however, new story patterns have emerged as the hero's journey is imagined over and over for characters of different ages, genders, and backgrounds. The prequels offer the plot arc of the villain's journey through Anakin, Leia, and Padme, while damsels in the men's story break out to undergo their own ordeals. The heroine's journey is exemplified by Rey and Jyn. Obi-Wan, Yoda, and Vader must accept the loss of power and fade into spirit guardians perpetuating the lifecycle. By the sequel era, the original trio become mentors to the younger generation and finally must do the same. Meanwhile, the *Mandalorian* explores a different form of the quest as he transforms from immature warrior to patriarch. This book tracks the journeys of over 20 characters throughout the franchise.

Star Wars: The Last Jedi™ The Visual Dictionary Pablo Hidalgo, 2017-12-15. *Star Wars: The Last Jedi™ The Visual Dictionary* is the definitive guide to *Star Wars: The Last Jedi*, revealing the characters, creatures, droids, locations, and technology from the new film.
