Youtube Review:

The Audience and Business of YouTube and Online Videos Louisa Ha, 2018-06-06 The Audience and Business of YouTube and Online Videos is a thorough analysis of YouTube audiences and creators of online videos that considers how the coexistence of user generated and professional media content on YouTube makes the site a unique platform in the ever expanding online video industry Using a mixed method approach the authors examine the underexplored business side of YouTube with a focus on product review videos brand videos sponsored videos and online video advertising This book also addresses recent developments such as YouTube Red subscription pay TV and movie services and discusses the future of online video audience research Recommended for scholars interested in media studies communication marketing and popular culture

Evaluating Identities Online Pilar Garcés-Conejos Blitvich, Patricia Bou-Franch, 2024-09-18 This book examines how identities are constructed in digital multimodal discourse and how these identities gender age race ethnicity professional etc are generally evaluated as they are claimed attributed verified and non verified intersubjectively in a polymedia space Although the construction of online identity has been addressed in the literature the online construction of identity in the Spanish speaking world has received less focused attention This volume contains chapters by renowned specialists in pragmatics and digital communication and is the most recent output of an ongoing externally funded project UPO 1380703 The book includes a state of the art introduction by the editors followed by three main sections the first is devoted to examining digital identities in conflict the second addresses self presentation on Twitter and Instagram with a special focus on politics and gender and finally the third addresses identity construction in the genre of online reviews All of the chapters address self and other identity construction in contexts of both convergence and controversy in a variety of digital social platforms and practices related to gender age political stance race ethnicity and lifestyle Further many of these chapters approach identity construction from a contrastive perspective and thus address variation This book will be of interest to scholars researchers graduate and advanced undergraduate students in sociolinguistics contrastive pragmatics discourse analysis media studies linguistic anthropology and communication studies among others [Quick Hits for](#)
