READING COMPREHENSION

Read the text and answer the questions below.

World Animal Day is celebrated on October 4th every year. This special day is all about showing love and care for animals. It was started in 1931 to raise awareness about endangered species, but now, it celebrates all animals around the world. On this day, people from different countries do many things to help animals. Some people visit zoos or nature reserves to learn about animals and their habitats. Others donate money or volunteer at animal shelters. In schools, teachers talk about the importance of protecting wildlife, and children enjoy learning fun facts about different animals. Many people also adopt pets or plant trees to create a better environment for animals. It is very important to take care of animals because they are part of nature, just like us. By protecting animals, we are also helping to keep the earth healthy. Every little thing we do, like picking up litter or being kind to animals, can make a very big difference.
