Neugarten, 1968-12-15 The process of aging is receiving an increasing amount of attention from behavioral scientists Middle Age and Aging is an attempt to organize and select from the proliferation of material available in this field The selections in this volume emphasize some of the major topics that lie closest to the problem of what social and psychological adaptations are required as individuals move through the second half of their lives Major attention is paid to the importance of age status and age sex roles psychological changes in the life cycle social psychological theories of aging attitudes toward health changing family roles work retirement and leisure certain other dimensions of the immediate social environment such as friendships neighboring patterns and living arrangements differences in cultural settings and perspectives of time and death *Fundamentals of Secondary Education* John Paul Leonard, 1938 **A History of Market Performance** R.J. Van der Spek, Jan Luiten van Zanden, Bas van Leeuwen, 2014-09-04 This exciting new volume examines the development of market performance from Antiquity until the dawn of the Industrial Revolution Efficient market structures are agreed by most economists to serve as evidence of economic prosperity and to be prerequisites for further economic growth However this is the first study to examine market performance as a whole over such a large time period Presenting a hitherto unknown and inaccessible corpus of data from ancient Babylonia this international set of contributors are for the first time able to offer an in depth study of market performance over a period of 2 500 years The contributions focus on the market of staple crops as they were crucial goods in these societies Over this entire period all papers provide a similar conceptual and methodological framework resting on a common definition of market performance combined with qualitative and quantitative analyses resting on new and improved price data In this way the book is able to combine analysis of the Babylonian period with similar work on the Roman Early and Late Medieval and Early Modern period Bringing together input from assyriologists ancient historians economic historians and economists this volume will be crucial reading for all those with an interest in ancient history economic history and economics **American Book Publishing Record Cumulative, 1876-1949** R.R. Bowker Company. Department of Bibliography, 1980 *Research on Human Subjects*, The use of human subjects in biomedical research has increased rapidly with scientific discoveries However the failure to achieve the highest or even adequate standards of professional moral concern and behavior is a serious side effect Research on Human Subjects is based on four years of intensive research in which two studies were completed one on a nationally representative sample of biomedical research institutions the second on a sample of 350 researchers who actually used human subjects The authors

explore prevalent ethical norms the actual ethical behavior of scientists and the dilemma between the values of humane therapy and scientific discovery They document the inadequate training that biomedical researchers receive in the ethics of research on human subjects not only in medical schools but in post graduate training as well This landmark work makes very specific suggestions for policy change and reform for the biomedical research profession and its employment of human subjects
