web mar 28 2021 the electrical wire size calculator uses the following formula for cable size selection in the metric and british systems the calculator first finds the current with  $i = \frac{p}{v}$  then it adds the extra 20 of the load for future extensions and it is recommended to set it yes after that the cable size calculator uses to consider the

cable sizing calculation how to select cable size electrical technology - May 01 2022

web jan 21 2019 cable selection is needed every time in ind in this video we have covered a very interesting and essential industrial practice i e cable sizing calculation

*cable sizing calculation step by step example electrical4uonline* - Jul 15 2023

web cable sizing calculation steps the process of the size calculation method consists of six steps collect data about cable load and environmental conditions determine the minimum cable size for continuous current carrying capacity determine the minimum size of the cable based on voltage drop
