Transaction Denied Rainey Reitman,2026-04-07 Exposes how companies like Visa Chase PayPal Bank of America and Mastercard use their power to silence dissenting voices and hurt democracy through the practice of financial censorship Civil liberties activist Rainey Reitman introduces readers to the concept of financial censorship a form of privatized censorship where banks and payment intermediaries act as censors in ways the government couldn t do directly without violating the First Amendment Reitman examines financial companies and the role they have played in policing speech as well as the laws and corporate policies that have enabled this form of censorship Weaving together over a decade of research with interviews and narratives from those personally impacted by financial censorship Reitman reveals how financial exclusion has become a tool to pressure marginalized voices into silence From the executive director of a voting rights nonprofit to a teacher of Iranian poetry to adult content creators and the cannabis community

Reitman uplifts the voices of those who have been targeted by these powerful institutions She uses their stories as a launching point to explore larger issues about who should have the power to censor in a democratic society Insightful and fresh Transaction Denied exposes this new and alarming form of censorship and offers a path forward by advocating for communities affected by financial exclusion and calling for more transparency of our financial systems *Fostering Innovation and Competitiveness With FinTech, RegTech, and SupTech* Boitan, Iustina Alina, Marchewka-Bartkowiak, Kamilla, 2020-09-11 Due to the emergence of innovative technologies various professional fields are transforming their traditional business practices Specifically the financial and legal markets are experiencing this digital transformation as professionals and researchers are finding ways to improve efficiency personalization and security in these economic sectors Significant research is needed to keep pace with the continuous advancements that are taking place in finance *Fostering Innovation and Competitiveness with FinTech RegTech and SupTech* provides emerging research exploring the theoretical and practical aspects of technologically innovative mechanisms and applications within the financial economic and legal markets Featuring coverage on a broad range of topics such as crowdfunding platforms crypto assets and blockchain technology this book is ideally designed for researchers economists practitioners policymakers analysts managers executives educators and students seeking current research on the strategic role of technology in the future development of financial and economic activity Power Politics Darrell M.
