Saenz, 2009 *A Textbook of Children's and Young People's Nursing E-Book* Edward Alan Glasper, James
Richardson, 2010-05-19 This popular textbook is aimed at children's nurses in a wide range of practice settings including
primary ambulatory and tertiary care. Covering the full age and specialty spectrum, this text brings together chapters from
among the best known children's nurses in the UK. It describes family-centred child healthcare drawing upon practice
throughout the UK and further afield. This innovative text provides up-to-date information on a wide range of topics. Each
chapter offers readers additional material on Evolve. Full Microsoft PowerPoint presentations that facilitate interactive
learning augment the written chapters and provide information not normally possible in a standard textbook e.g. colour
photographs, video clips. Although intended for nurses, the book adopts an interprofessional, problem-solving and reflective
approach aimed at students, practitioners and child health educators. Material is offered from levels 1, 3 and some of the
ancillary material extends into the postgraduate arena. Each chapter offers readers additional material on an Evolve website.
Full Microsoft PowerPoint presentations augment the written chapters and provide extra information that includes case
studies, moving image, photographs and text. Aims, objectives, learning outcomes, a summary box in each chapter and key
points assist learning and understanding. Professional conversation boxes enliven the text on the page and make it more
interesting to dip into. Suggestions for seminar discussion topics to help teachers. Case studies help to relate theory to
practice. Prompts to promote reflective practice. Activity boxes, suggested visits, Evidence-based practice boxes which
highlight key research studies, annotated bibliographies including details of web sites and full contemporary references to the
evidence base. Resource lists including recommended web site addresses. New chapter on blood disorders of childhood. New
material on caring for young people and transitions in care. More on childhood eczema, childhood and adolescent mental
health, solid tumours of childhood. **Fundamentals: Perspectives on the Art and Science of Canadian Nursing** David

Transforming Early Head Start Home Visiting Bridget A. Walsh, Jennifer A. Mortensen, 2019-10-29 Research on home visiting shows that Early Head Start EHS home based programs benefit from additional training and resources that streamline philosophy and content

In this essential guide Walsh and Mortensen propose that alignment with Family Life Education's FLE strengths based methodology results in greater consistency through a model of prevention education and collaboration with families. This text is the first to outline linkages between FLE and EHS home visiting. It explores a qualitative study of FLE integrated in a current EHS home based program and application of FLE methodology to home visiting topics. This approach will influence professional practice and provide a foundation for developing evidence based home visiting practices. Online content accompanies the text with videos demonstrating the FLE approach in action and discussion questions to encourage engagement with and understanding of the core material.

Transforming Early Head Start Home Visiting: A Family Life Education Approach is essential reading for upper level undergraduate and masters students in family studies and early childhood education as well as practitioners working with children and families.

[A Textbook of Community Nursing](#) Sue Chilton, Heather Bain, 2024-12-23 This third edition is a comprehensive and evidence based introduction to this essential area of practice. Fully updated to take into account the wide range of nursing roles in the community it provides an integrated approach to care with a focus on physical and mental wellbeing. It covers a wide range of topics including research and community nursing, public health, professional approaches to care, risk management, safeguarding, therapeutic relationships, care across the lifespan, community nursing, assessment, mental health, carers and families, spirituality, leading person centred care and digital healthcare. Incorporating current theory, policy and guidelines for practice and underpinned by a strong evidence base, each chapter features learning objectives and activities. Case studies and examples from practice serve to illustrate the practical application of theory throughout. This is an essential text for all pre-registration nursing students, students on post-registration specialist community nursing courses and qualified nurses entering community practice for the first time.

Understanding Ageing for Nurses and Therapists Wilfred McSherry, Linda Rykkje, Susan Thornton, 2021-06-08 This volume is a practical resource for all those responsible for caring for older people across health and social care. It provides a comprehensive and holistic approach helping nurses, therapists and social care professionals to better understand the impact of ageing upon the person and wider society. A unique feature of this text is the focus upon positive ageing and the attempt to dispel and challenge some of the myths, prejudices and negative attitudes that still prevail towards ageing and older people. A key objective of the book is to introduce practitioners to some of the neglected or under-addressed aspects of ageing such as spirituality, sexuality and LGBT. Chapters are written in an engaging and interactive style and where appropriate draw upon case studies and scenarios to maximize engagement, developing competence by informing knowledge, attitudes and skills. The text introduces the practitioner to key dimensions of what it is to be a person, physically, psychologically, socially and spiritually, and how these contribute to the ageing process and can enhance the quality of life of older people. Irrespective of whether one cares for older people in an acute hospital setting or domiciliary home care, this text will be of relevance. The material and content transcend health and social care boundaries, providing valuable contemporary

evidence that can inform and shape practice Above all this text will encourage reflection dialogue and engagement with some fundamental aspects of ageing challenging attitudes values and behaviour so that a more positive and balanced insight towards ageing is fostered This book will ensure that self awareness and professional practice are enriched and informed and the practitioner has a holistic understanding of ageing that will enable them to care for older people with compassion dignity and respect *Subject Guide to Books in Print* ,1971 **Psychology** G.
