Daily Graphic Ransford Tetteh,2014-04-17 Smaller Faster Lighter Denser Cheaper Robert Bryce,2014-05-13

Manhattan Institute fellow Robert Bryce's personal idiosyncratic style fuels an important argument. He celebrates innovation, technology, and freedom as the answers to environmental concerns, repeatedly illustrating potential solutions that many of those forecasting climate calamity don't mention while suggesting what humanity's future could and should be. In this urgent, if reductive treatise, he proves an eccentric contrarian. His sort of random capitalization—things aren't faster; they are faster—can irritate, and rather than answer objections or counterarguments, Bryce tends to just elude them, but he consistently remains intriguing. While always neutral politically, Abstract suggests Bryce's optimistic look ahead to all those interested in the environment, the future, and how innovation builds on itself. Strategic Management Jeffrey H. Dyer, Paul C.

Godfrey, Robert J. Jensen, David J. Bryce, 2022-12-28 Strategic Management delivers an insightful, clear, concise introduction to strategy management concepts and links these concepts to the skills and knowledge students need to be successful in the professional world. Written in an accessible Harvard Business Review style with lots of practical examples and strategy tools, the book engages students with an easy-to-understand learning experience to strategic management concepts. This International Adaptation sparks ideas, fuels creative thinking, and discussion while engaging students via contemporary examples, outstanding author-produced cases, and much more. Every chapter now includes new questions to help readers test their understanding of the subject. There are also new Mini Cases and Strategy in Practice vignettes that are contemporary and more relevant to the global scenario. *Proceedings of the 2nd International Conference on the Use of iPads in Higher Education* Benjamin F. Baab, John Bansavich, 2016-12-14 With the widespread implementation of tablet computers in Higher Education (HE), this book will be of interest to academics from a variety of disciplines and to learning technologists who are considering the use of iPads for teaching and learning or have an interest in mobile learning in general. The proceedings from the 2nd International Conference on the Use of iPads in Higher Education (iHE2016) cover articles in the following areas: health education, environmental management, fieldwork, medical education, law, teacher training, and education design, academic technologies, online assessments, and professional development. The contributors here use a wide variety of research methodologies to investigate the use of iPads in HE, including surveys, questionnaires, focus groups, long-term studies, qualitative methods, pilot projects, multimodal approaches, observations, technology implementation models, action research, case studies, ethnographic approaches, field studies, content analysis, and mixed methods. **Beyond the Screen** Frank A.
