Snapchat Cyber Monday Review:

Cyber-risk and Youth Michael Adorjan, Rosemary Ricciardelli, 2018-12-19 Cyber risks are moving targets and societal responses to combat cyber victimization are often met by the distrust of young people Drawing on original research this book explores how young people define perceive and experience cyber risks how they respond to both the messages they are receiving from society regarding their safety online and the various strategies and practices employed by society in regulating their online access and activities This book complements existing quantitative examinations of cyberbullying assessing its extent and frequency but also aims to critique and extend knowledge of how cyber risks such as cyberbullying are perceived and responded to Following a discussion of their methodology and their experiences of conducting research with teens the authors discuss the social network services that teens are using and what they find appealing about them and address teens experiences with and views towards parental and school based surveillance The authors then turn directly to areas of concern expressed by their participants such as relational aggression cyberhacking privacy and privacy management as well as sexting The authors conclude by making recommendations for policy makers educators and teens not only by drawing from their own theoretical and sociological interpretations of their findings but also from the responses and recommendations given by their participants about going online and tackling cyber risk One of the first texts to explore how young people respond to attempts to regulate online activity this book will be key reading for those involved in research and study surrounding youth crime cybercrime youth culture media and crime and victimology and will inform those interested in addressing youth safety online how to best approach what is often perceived as a sensitive and volatile social problem

Rape Miranda A. H. Horvath, Jennifer M. Brown, 2022-08-09 Rape Challenging Contemporary Thinking 10 Years On takes stock of current thinking and research about rape and the way it is handled in practice within the criminal justice system as well as challenging some of the widely held but inaccurate beliefs about rape The second edition of Rape Challenging Contemporary Thinking 10 Years On is not a traditional new edition although it does provide updated versions of substantive issues covered in the first edition Bringing the book to the cutting edge it incorporates both old and new contexts where sexual exploitation takes place identifying some knowledge gaps especially when considering the voices of complainants victims survivors who are invisible or muted numerous new areas of research including the implications arising from MeToo and Black Lives Matter movements the limitations of our present criminal justice systems and radical alternatives to closing the justice gap The new book reflects the global reach of research and thinking about rape including more international coverage with material from India the US Canada Australia and New Zealand as well as the UK In order to learn from our shared history in this field two authors reflect on their careers and other authors were encouraged to move away from conventional academic formats to convey their stories Bringing together leading researchers in the field of psychology sociology and law considering new research and presenting new data from a strong theoretical and contextual base the

chapters are provocative and engage in innovative thinking whilst remaining grounded in the available evidence This book is essential reading for students of criminology forensic psychology sociology criminal justice law media studies and women s gender studies It also aims to inform professionals engaged in the investigation prosecution of rape support and preventative services
