The Education We Need for a Future We Can't Predict Thomas Hatch,Jordan Corson,Sarah Gerth van den Berg,2021-01-16 Improve Schools and Transform Education In order for educational systems to change we must reevaluate deep seated beliefs about learning teaching schooling and race that perpetuate inequitable

opportunities and outcomes Hatch Corson and Gerth van den Berg challenge the narrative when it comes to the grammar of schooling or the conventional structures practices and beliefs that define educational experiences for so many children to cast a new vision of what school could be The book addresses current systemic problems and solutions as it Highlights global examples of successful school change Describes strategies that improve educational opportunities and performance Explores promising approaches in developing new learning opportunities Outlines conditions for supporting wide scale educational improvement This provocative book approaches education reform by highlighting what works while also demonstrating what can be accomplished if we redefine conventional schools We can make the schools we have more efficient more effective and more equitable all while creating powerful opportunities to support all aspects of students development You won t find a better book on system change in education than this one We learn why schools don t change how they can improve what it takes to change a system and in the final analysis the possibilities of system change Above all The Education We Need renders complexity into clarity as the writing is so clear and compelling A powerful read on a topic of utmost importance Michael Fullan Professor Emeritus OISE Universtiy of Toronto I cannot recommend this book highly enough Tom tackles long standing and emerging educational issues in new ways with an impressive understanding of the challenging complexities but also feasible possibilities for ensuring excellence and equity for all students Carol Campbell Associate Professor Ontario Institute for Studies in Education University of Toronto **New Jersey College for Women Alumnae Bulletin** ,1929
