Physical Therapy Documentation Mia Erickson, Mia L. Erickson, Rebecca McKnight, Ralph Utzman, 2008 Complete accurate documentation is one of the essential skills for a physical therapist This book covers all the fundamentals includes practice exercises case studies throughout

[Documentation for Rehabilitation](#) Lori Quinn, James Gordon, 2015-12-11 Better patient management starts with better documentation *Documentation for Rehabilitation A Guide to Clinical Decision Making in Physical Therapy 3rd Edition* shows how to accurately document treatment progress and patient outcomes Designed for use by rehabilitation professionals documentation guidelines are easily adaptable to different practice settings and patient populations Realistic examples and

practice exercises reinforce concepts and encourage you to apply what you've learned. Written by expert physical therapy educators Lori Quinn and James Gordon, this book will improve your skills in both documentation and clinical reasoning. A practical framework shows how to organize and structure PT records, making it easier to document functional outcomes in many practice settings and is based on the International Classification for Functioning, Disability and Health (ICF) model, the one adopted by the APTA. Coverage of practice settings includes documentation examples in acute care, rehabilitation, outpatient, home care, and nursing homes, as well as a separate chapter on documentation in pediatric settings. Guidelines to systematic documentation describe how to identify, record, measure, and evaluate treatment and therapies, especially important when insurance companies require evidence of functional progress in order to provide reimbursement. Workbook textbook format uses examples and exercises in each chapter to reinforce your understanding of concepts. NEW Standardized Outcome Measures chapter leads to better care and patient management by helping you select the right outcome measures for use in evaluations, re-evaluations, and discharge summaries. UPDATED content is based on data from current research, federal policies, and APTA guidelines, including incorporation of new terminology from the Guide to Physical Therapist 3.0 and ICD 10 coding. EXPANDED number of case examples covers an even broader range of clinical practice areas.

Documentation for Physical Therapist Practice Jacqueline A. Osborne, 2015-07-31. Documentation for Physical Therapist Practice: A Clinical Decision Making Approach provides the framework for successful documentation. It is synchronous with Medicare standards as well as the American Physical Therapy Association's recommendations for defensible documentation. It identifies documentation basics which can be readily applied to a broad spectrum of documentation formats, including paper-based and electronic systems. This key resource utilizes a practical clinical decision-making approach and applies this framework to all aspects of documentation. This text emphasizes how the common and standard language of the Guide to Physical Therapist Practice and the International Classification of Functioning, Disability and Health (ICF) model can be integrated with a physical therapist's clinical reasoning process and a physical therapist assistant's skill set to produce successful documentation. Includes content on documentation formats: Initial Evaluations, Re-examination Notes, Daily Notes, Conclusion of the Episode of Care, Summaries, Home Exercise Program, Reviews. All the important issues related to style, types of documentation, and utilization of documentation. Covers documentation relevant in different settings: inpatient, home health, skilled nursing facility, outpatient. Helps students learn how to report findings and demonstrate an appropriate interpretation of results. Includes up-to-date information in line with APTA Guidelines for Defensible Documentation. World Health Organization International Classification of Functioning, Disability and Health, Medicare Reviews, electronic documentation, ICD 9, ICD 10, and CPT codes. Includes important chapters on Interprofessional Communication, Legal Aspects, Principles of Measurement. **Documentation Basics for the Physical Therapist Assistant** Mia Erickson, Rebecca McKnight, 2024-06-01.
