Dance of Disruption and Creation Nandu Nandkishore, Neeraj Chandra, 2023-08-18. It's an exciting time to be alive. We are witness to an epoch of change, a dance of disruption and creation that is re-imagining our world. Where are these disruptions coming from? What opportunities do they uncover? How can one make sense of them? And most importantly, how should one prepare and act? This book, written by two influential business leaders, unpacks these epochal changes and how they represent a defining moment of opportunity for the world of business. Nandu Nandkishore and Neeraj Chandra draw upon diverse sources: academic literature, discussions with CEOs, startup founders, and experts in order to understand the significant pivots of change emerging from a wide canvas and then stitch together a perspective of an exciting, brave new world. Unlike many other books that focus only on emerging technologies, the authors here look at disruption through several lenses: technology, demographics, economic change, the changing nature of institutions, and the interplay of technology as it fundamentally shapes consumers and society. The book goes beyond describing changes taking place; it explores the why, so and so, what to provide an understanding of the shifts taking place and crucially, the implications for the world of enterprise. Using simple examples and frameworks throughout, the book provides specific, action-oriented solutions that businesses can employ. This book will be of specific interest to business leaders, strategists, investment professionals, as well as social scientists and public servants. It is for change makers who are excited to seize the unique opportunity that this change represents to build competitive advantage, re-invent markets, and enterprise, and indeed to make the world a better place. GIRLS® Freya India, 2026-02-26. Anyone who cares about the girls and young women in their lives should read GIRLS. Jonathan Haidt, author of *The Anxious Generation*, *GIRLS*, *Gen Z*, and *The Commodification of Everything*, is a passionate, provocative, and deeply personal journey into the pressures shaping young lives today. Freya India shows that age-old anxieties of girlhood are now being amplified by modern life and exploited like never before. While previous generations of women were relentlessly sold products and procedures, we have become the product. We display our lives on Instagram, advertise ourselves on dating apps, and package ourselves into personal brands, making anxiety feel overwhelming and unmanageable. We have transformed from girls into

GIRLS from people into products Each chapter of GIRLS focuses on a common anxiety in adolescent girls lives from insecurities about our faces and bodies to our reputation and social status to our friendships and romantic relationships Along the way India traces how rapidly culture and technology have evolved over the past decade This isn t just a book for girls For young women it offers a nostalgic if unsettling reflection on the world they ve grown up in and reassurance that they re not alone in their struggles For younger girls it provides context for where these challenges began and warns where they might be headed And for parents teachers and older generations it serves as a reminder that these issues have never been so intense GIRLS concludes with a message of hope reminding readers how to reclaim their privacy defend their dignity and above all return to being people instead of products
