LESSON 2 ■ ACTIVITY 33

Answers for Changes in Supply

Part A

Based on the information provided in Figure 13.2, each event will be judged as one of two changes in the supply of cars. Use the blue arrows in the right of the graph to show whether the event will cause a change in supply. Use the green arrows to show whether the change in supply will increase or decrease the supply. In the third column, describe how the supply curve shifts and explain how you decided on the direction of the shift. Use Figure 13.2 to help you. Green arrows at the top and bottom of the graph show that, for each event, the supply curve shifts in the direction of the change.
