Content

Confessionals of an Instagram Influencer Joy Harrington,2020-08-03 Content The simplest way to show up for your business

every single day and yet the HARDEST thing to consistently produce that is good quality attracts your tribe and most importantly converts sales Yes if you are producing the right content your sales should convert more easily because you are showing your avatar ideal client that you

- 1 Understand her
- 2 Speak her language
- 3 Are a credible resource
- 4 Have what she WANTS not just what she needs

Most people who want an online business or want to be an influencer KNOW that they have to show up daily with content but they have no idea where to start what to talk about or how to package it up correctly so they either

- 1 Avoid it
- 2 Do a poor job of it by slapping something up because hey something is better than nothing right wrong
- 3 They look at what others are writing and try to reproduce something similar thinking that if it worked for others it will work for them

Does any of this sound familiar yet Girl I've been there because I have done all of these things When the only training on content is books written about social media selling tactics it can be hard to translate that to your OWN story your own business your own ideal client and your online presence am I right THIS book will focus on growing you into a master of content with awesome posts AND will also give you the prompts to create your posts right here Every day when you need to create a post just open this book pick the type of post you want to do and use the prompts to create a post that is AUTHENTIC engaging and will set you apart from others in your industry This happens by sharing your authentic voice in a way that creates bonding with your audience AND sets you up as their teacher leader that they want to trust and buy from

People Like Her Ellery Lloyd, 2021-07-08 A Richard Judy Book Club Pick A delightfully sinister story for the influencer age People Like Her is the twisting page turning debut thriller from Ellery Lloyd Perfect for fans of Liane Moriarty Big Little Lies I couldn't turn the pages fast enough Abigail Dean author of Girl A People like Emmy Jackson They always have Especially online where she is Instagram sensation Mamabare famous for telling the unvarnished truth about modern parenthood But Emmy isn't as honest as she'd like the fans to believe She may think she has her followers fooled but someone out there knows the truth and plans to make her pay Brilliantly original Clare Mackintosh author of After the End Deliciously dark and devious Red Highly recommended Harriet Tyce author of Blood Orange Slick and sharp The Times

2012 Why does Facebook want Instagram so badly What can businesses learn from this deal and how the heck did a tiny company without any revenue become so desirable in just 18 months While Instagram's buyout by Facebook was viewed by many as a surprise acquisition it illustrates the increasing importance of the image based social sharing platforms in today's technology business world Facebook already had a photo sharing mobile photo sharing program but it was slow to load and clumsy to use For the past several years a team had been working on developing a solution As recently as last summer rumours circulated about a Facebook iPhone photo sharing application that would make it easier for users to upload edit and share their photos With changes in team members and little to show for their work nothing more was heard of Facebook's progress until February 2012 when Business Insider magazine reported new product boss Dirk Stoop was working on a new solution to the problem Zuckerberg was reported in the New York Times piece With Instagram Deal Facebook Shows its Worth as saying We don't plan on doing many more of these if any at all but providing the best photo sharing experience is one reason why so many people love Facebook and we knew it would be worth bringing these two companies together It is safe to assume that Facebook's own product was not working out as hoped leading Zuckerberg to buy the best photo sharing experience instead of developing it In addition to examining details of the acquisition there are broader issues to address How can businesses use Instagram and Facebook to build their own brands What does this deal say about Facebook's predictions for the mobility market and photo sharing platforms While Zuckerberg's official statement is that Instagram will continue operating as a separate platform from Facebook and that people who have Instagram but aren't on Facebook can continue using their favorite app how will Instagram change now that it is owned by Facebook In this book we will address these questions and review a quick history of Instagram We'll examine the events of Easter weekend that led to the Instagram buyout and get a glimpse into the fast moving world of high tech business and multi billion dollar companies

EXCERPT FROM THE BOOK Mark Zuckerberg and Facebook paid 1 billion for a business that doesn't have any revenue Why In a nutshell Facebook purchased Instagram to take custody of its users before Facebook competitors did to strengthen its position in the mobile phone market and to get rid of a potentially difficult competitor As people in the tech world often say money follows the users The recent availability of Instagram for Android users had Zuckerberg concerned especially when the Instagram user population jumped by 10 million people in 10 days buy the book to continue reading *We Just Clicked* Anna Bell, 2020-04-16 Such a fun read Carrie Hope Fletcher Sunday Times bestselling author of *On the Other Side* Warm hearted and hilarious Miranda Dickinson author of *Our Story*
