PRACTICAL MONEY ADVICE FOR YOUNG MEN 2.0 Malik McCotter-Jordan, 2021-12-25 I'm not suggesting that you fire your boss or quit your job. In fact, I advise you to keep your job. In this book, I have a job that's called having more than one stream of income, and I talk about that in this book. This is definitely not a BS Tony Robbins personal finance book with over 680 pages about compound interest, him shamelessly promoting financial firms that he has an ownership stake in, and saving 10% to 20% of your income. This is a raw and real book written by a guy who is only a few steps ahead of you. That's it. I'm not a guru. This is not a scam. I put my heart and soul into making this. I wrote this book as if it was for the 18-year-old me. Anyone who leaves a review saying that this book lacks realistic, actionable advice is just plain wrong. I even did what most of these personal finance authors don't have the guts to do: I talk about my personal life and the mistakes I made that cost me thousands of dollars. That's why this genre is called personal finance: right, I get really personal. Some might say it's too personal. If you're a young man who is tired of being broke, living paycheck to paycheck, not owning any assets, being clueless about taxes, and not being able to get ahead in the United States, then this is the book for you. I started off as a poor black boy in a small town in Alabama. On section 8, I currently have a 6-figure net worth. If I can do it, you can too. Buy this book today.

Over 15 years later, he's still in the market, still putting in the work, and still showing people what's possible when you're willing to do what others won't. From weekend hustle to full-time income, Leo's blueprint has helped dozens of sellers turn side gigs into sustainable businesses. He also runs a brick-and-mortar store in a local mall, giving him real day-to-day insight into how small sellers can scale, adapt, and thrive even in tough markets. a proud father of two daughters and grandfather to four energetic grandkids Leo believes in building a life and a business that supports the people you love The Flea Market Blueprint is his way of giving back a practical real world guide meant to inspire motivate and help anyone turn a simple booth into meaningful income and lasting freedom Leo s journey hasn t been without setbacks from slow sales to learning the hard way about inventory and customer flow but those lessons became the foundation of his blueprint Whether you re just starting out or looking to level up Leo s message is clear you don t necessarily need a degree or a big budget just grit vision and the courage to turn your passion into profit

Chronicles of Care: A Design History of the COVID-19 Virus Paul A. Rodgers,Fernando Galdon,Craig Bremner,2024-04-16 The Covid 19 crisis and the designed interventions that the authors have catalogued in this book prove definitively that design does care The authors documented this as it evolved every day from the 1st January 2020 to 31st May 2020 inclusive Then they looked at all of this care and caring from the point of view of design and by the sheer volume of design interventions they have documented illustrate that design is good in a crisis What the Covid 19 pandemic illustrated is that for the first time in modern history capital was totally irrelevant Money could not save your life Only design could Rapidly designed masks shelters hospitals
