Weight Loss Plan Sat Practice Latest:

The New You and Improved Diet Keri Glassman, Sarah Mahoney, 2012-12-24 With the abundance of conflicting advice out there it's easy to see why people struggle with dieting. Dieters want clarity; they want to be told what to do. Women's Health contributing editor and author of *The O2 Diet* and *The Slim Calm Sexy Diet*, Keri Glassman gives readers the bottom line: all 8 simple rules to lose the weight for good. While what we eat is very important, *The New You and Improved Diet* includes a step-by-step 8-week meal plan full of real foods that are nutrient-dense and antioxidant-rich—that's just one part of a successful weight loss strategy. Keri walks readers through the other all-important rules to get stronger, calmer, healthier, more balanced, and yes, thinner. Each rule is connected to and supports the others: The more you sleep, the more energy you have at the gym; the more weight you lose, the more you choose nutrient-dense food; the more focused your workouts become, the deeper you sleep. Using common sense, wisdom, and easy practical application, *The New You and Improved Diet* shows you how to make connections between these rules to totally reset your body's compass. Including a cleanse to jumpstart the diet, detailed menus, recipes, and tons of simple tips to stay on track, Keri walks readers through the only 8 rules they'll ever need to know to find their best body ever.
