Seize the Moment-Besher't Abraham N. Fenster, Ph.D.,2009-04-06 Seizing the moment at the attosecond of time is when it is meant to be The author relates to how scientific theories can be integrated into an overarching explanation of how the macro workings of the infinite universe are intertwined with the micro activities of an individual s activities in the physical world and how this can be blended with the unseen world

of spirituality of the universe as coexisting parallel intertwined worlds Science and spirituality are not in opposition to one another but complement each other and provide a more revealing explanation to our fundamental questions of is it meant to be or is it meant to be Beshert In the process of trying to determine the complex concepts implied by meant to be the author explores how one can have a predetermined existence and make free will decisions at the same time Detailing some of the author's own Beshert life experiences he ultimately concludes that one must recognize the spirituality teachings of Kabbalah and current scientific hypothesis of the Unified Theory to understand this complex question of how does free will have a role in predetermination

A Bell Curve Andrew Friend,2011-06-07 From earliest times humanity has sought to understand its place and role in the world has sought for meaning Wherever human beings are to be found myth and extra historical record of who we are has always played a vital role in this regard Traditional religion by comparison has only emerged in the last 2 500 years This book summarizes the history of mans religious endeavors and shows how much of religion over time has anything but aided its followers in their journey through life Because traditional religion is failing to meet our spiritual needs people are moving from heteronomy to autonomy as they assume responsibility for their own journeys A continuing survey begun at the turn of the century reveals that 36 percent of the participants believe that the American dream is achieved through spiritual fulfillment A never ending stream of articles in a variety of journals bear witness to the this trend as well as to the many new means now exercised in order to nourish ones spirituality The relevance of myth has been renewed while that of religion is in decline in the West Martin Luthers pronouncement Every man is a priest is becoming a fact
