The Dog and the Shadow

It happened that a Dog had got a piece of meat and was carrying it home in his mouth to eat it in peace. Now on his way home, he had to cross a plank lying across a running brook. As he crossed, he looked down and saw his own shadow reflected in the water beneath. Thinking it was another dog with another piece of meat, he made up his mind to have that also. So he made a snap at the shadow in the water, but as he opened his mouth the piece of meat fell out, dropped into the water and was never seen more.

Gerstl, 2019-04-04 I know I should read more but I m so busy it takes time to read and so much of what I try to read doesn t really make that much sense to me Those can be the words of a third grader or just as easily the words of an adult In our hurry up world of bits and bytes and the need for instant gratification the sad and simple truth is that people don t read as much as they used to and more tragic they understand what they read far less than in the past In this practical hands on

Guide the author a Master Teacher with more than thirty five years of practical success teaching both children and adults of all ages shares her Ideas on teaching reading comprehension strategies The underlying message she delivers is Comprehensive Strategies are important because Reading is an Active not a Passive Process Reading can seem incredibly complicated It involves not only making sense of the squiggles on a page deciphering the alphabetic code and figuring out the words but reading also entails giving meaning to understanding and thereby enjoying what we read Reading comprehension is absolutely critical to communication whether it involves a doctor healing a patient a lawyer presenting an argument in court an astronaut needing to know how to repair a malfunction when he is thousands of miles above the earth or most important enriching and widening the scope of your life In fact you cannot think of one area of learning or practice where understanding what you read is not absolutely essential The more you understand what you read the less of a drudgery and the more of a joy it becomes Reading is the key that unlocks the door to the universe Get ready to start a great adventure and to grab hold of the key that will unlock the door to your universe Lorraine Gerstl is truly a woman for all seasons She taught deaf children in her native South Africa before emigrating to the United States where she raised her own children then recommenced her teaching career at Briarcliff Academy Robert Louis Stevenson before moving to Santa Catalina for nearly three decades as its beloved third grade teacher Since her retirement in 2017 she formed a partnership with Margie Lotz a colleague from Santa Catalina Omni Learning Center which provides educational enrichment for homeschoolers Lorraine has produced directed and acted in plays musicals variety shows picked up a National Disney Teacher of the Year nomination and traveled a good slice of the world in the process An editor and internationally published writer who won t hesitate to stretch her students reach to the stars she still revels in her favorite title Mom _____
