ENT MCQs for Medical Students Gurdeep Singh Mannu, Tunde Odutoye, 2019-06-26 Ear Nose and Throat ENT surgery has traditionally been a difficult and specialised topic in undergraduate medicine and for junior doctors. Many textbooks are too detailed for undergraduate use or lack self assessment questions to help those wishing to underpin their learning. This concise and easy to read self assessment guide aims to clarify the topic and find and fill gaps in understanding. The multiple choice questions MCQs contained cover all levels of knowledge and the learning objectives of most of the UK medical school curricula aiding preparation for end of unit module and final exams for ENT. This book will be a valuable companion for clinics and teaching sessions and an indispensable revision primer for graduate entry medical curricula. An excellent means of preparation for medical undergraduate examinations as gaps in core knowledge are quickly revealed. Further, this text is a good guide for students to identify those subject areas requiring more focused study especially when time is short.
