Death In The Long Grass:

Death in the Long Grass Peter Hathaway Capstick,1977 A professional hunter recounts his own experiences and those of his colleagues with the animals of the African wilderness *The Fair Chase* Philip Dray,2018-05-01 An award winning historian tells the story of hunting in America showing how this sport has shaped our national identity From Daniel Boone to Teddy Roosevelt hunting is one of America s most sacred but also most fraught traditions It was promoted in the 19th century as a way to reconnect soft urban Americans with nature and to the legacy of the country s pathfinding heroes Fair chase a hunting code of ethics emphasizing fairness rugged independence and restraint towards wildlife emerged as a worldview and gave birth to the conservation movement But the sport s popularity also caused class ethnic and racial divisions and stirred debate about the treatment of Native Americans and the role of hunting in preparing young men for war This sweeping and balanced book offers a definitive account of hunting in America It is essential reading for anyone interested in the evolution of our nation s foundational myths [Police-Related Deaths in the United States](#) David Baker,2021-05-25 To understand police related deaths in the US we need to understand the structures and systems that enable police to operate in the way they do Giving voice to a previously unheard group in society this book articulates the experiences of the families of those who died after police contact David Baker considers the disproportionate number of deaths in marginalized communities for example people of color people who are mentally unwell and LGBTQ people Each chapter begins with a short case study drawn from this qualitative research to humanize the story of the person who died and put the key issues into context By examining these deaths and the investigatory processes that follow Baker argues that an increasingly aggressive police mindset allied with relatively toothless regulatory frameworks effectively lead to police being enabled by the criminal justice system to use lethal force with relative impunity Baker combines his qualitative research with the wide base of existing literature on police use of force in the US and maintains that the effects of these deaths go beyond merely policing and criminal justice but are corroding the core fabric of American society *Bulletin* Bernice Pauahi Bishop Museum,1927 *The Greatest Hunting Stories Ever Told* Lamar Underwood,2024-01-09 I don t regard nature as a spectator sport Ed Zern 1985 Hunting is a serious business but it s also about camaraderie achievements and failures seeing new places and revisiting cherished ones The true stories here feature a variety of game in locations that range from high Yukon Territory mountain peaks to lowland swamps off of Mobile Bay Alabama This is an indispensable volume for all lovers and students of the natural world If your definition of home includes fields and marshes creeks and river bottoms plains and mountains consider this required reading [Death in the Long Grass](#) Peter H.
