Beyond the Screen Frank A. Aycock, 2025-11-26
Written in an accessible style this book explores the complex future of television across its different industries providing professional producers with key insights and pathways to adapt and prepare By exploring traditional media industries and how they have come to make up today's streaming and broadcasting media world the text provides a detailed discussion of the future of systems programming and television viewing This includes a wide range of topics such as internet protocol television IPTV set top boxes STBs ATSC 3.0 virtual reality VR holographic television and artificial intelligence AI as well as other cutting edge technologies Additionally this book examines the future of content monetization by exploring the new and sometime controversial ways of advertising product placement and search and promotion that will be required to be financially successful in this future television environment Beyond the Screen is an indispensable addition to the library of every television professional academic student and television viewer who wants to know where this fascinating world of television is heading and what it will take to be successful within it

The Netflix Effect Kevin McDonald, Daniel Smith-Rowsey, 2016-08-11
Netflix is the definitive media company of the 21st century It was among the first to parlay new Internet technologies into a successful business model and in the process it changed how consumers access film and television It is now one of the leading providers of digitally delivered media content and is continually expanding access across a host of platforms and mobile devices Despite its transformative role however Netflix has drawn very little critical attention far less than competitors such as YouTube Apple Amazon Comcast and HBO This collection addresses this gap as the essays are designed to critically explore the breadth and diversity of Netflix's effect from a variety of different scholarly perspectives a necessary approach considering the hybrid nature of Netflix its inextricable links to new models of media production distribution viewer engagement and consumer behavior its relationship to existing media conglomerates and consumer electronics its capabilities as a web based service provider and data network and its reliance on a broader technological infrastructure

Global Meets Digital Vinod Jain, 2023-06-02
The world today is at the intersection of two megatrends Globalization and Digitalization a business revolution unfolding in real time Global Meets Digital captures the many nuances of this revolution succinctly including its impact on our lives and business An immediate implication of this revolution is that the economic principles that underpinned business and strategy for hundreds of years such as diminishing returns to scale and resource scarcity are no longer valid for a large and growing number of products and services The book

will challenge you to think differently not just about digital products but also about physical products In the global digital world products are of three kinds physical digital and smart machines products that are both physical and digital and connected to the internet a distinction missed by most books on strategy and global business The economics of each kind of products is distinct from that of the others which has strategic implications for all kinds of businesses implications such as how to compete and how to create and capture value With several mini case studies and over 100 company examples the book covers themes and cutting edge issues like the paradox of globalization digital disruption disruptive business models exponential technologies Internet of Things competition in digital markets winner take all market dynamics Industry 4.0 how to innovate strategizing for the New Normal and value creation and value capture in both B2C and B2B contexts The book derives its underpinnings from the practice of global and digital business while theory remains in the background Intended specifically for an executive professional audience *Global Meets Digital* should also be of value to business students and professors learning to dip their toes into a digital world Vinod Jain is an expert in global and digital strategy award winning professor Fulbright Scholar and author of an MBA textbook *Global Strategy* He taught at the Rutgers Business School Newark and New Brunswick and the Robert H Smith School of Business University of Maryland College Park At Maryland he was also the Founding Director of the federally funded Center for International Business Education and Research and Academic Director of Smith School's Executive MBA program in China Since leaving Maryland he has taught in China Denmark Finland Poland and India as a visiting or term professor His opinion pieces have appeared in *The Washington Post* *The Baltimore Sun* *Mensa Bulletin* and *Economic Times* and *Mint* India's 1 and 2 business dailies among other media In the past he worked as a middle and senior level executive with American and British multinationals Vinod has a PhD in Strategy and International Business from the University of Maryland College Park MS in Management from UCLA and MS and BS Hons in Statistics from the Indian Statistical Institute Calcutta *The Hollywood Reporter*, 2009 **Mediaweek**, 2010-10
