Entertained or Else Tina Kendall, 2025-09-18 This book considers the complex and often contradictory relations that are forged between boredom and everyday media use in the twenty first century and demonstrates how networked media have developed new technical means of capitalizing on boredom s state of suspension to make it into a source of value creation Focusing on the discursive technological and affective structures that encourage users to be entertaining and to remain entertained the book analyses how boredom has been increasingly instrumentalized as both an individual mood and a wider structure of feeling that drives participation across media networks It identifies the range of cultural techniques for codifying classifying sensing and pre empting boredom as well as those that teach users counter intuitively to embrace boring media as a means of coping with the intensities of always on existence However if boredom is positioned in a digital network culture as a feeling that keeps driving us back to our social media feeds it is important to ask how else it might operate While the technological affordances of computational media have put pressure on our ability to conceive of boredom as a radical challenge to digital capitalism this book attempts to think about the potential that might still be embedded in boredom s capacity to temporarily suspend or to neutralize dominant structures of attention and affect Building on the work of Giorgio Agamben Byung Chul Han Roland Barthes and from historical accounts of boredom and entertainment the book provides a new understanding of boredom in the context of networked media *Pitching and Closing: Everything You Need to Know About Business Development, Partnerships, and Making Deals that Matter* Alexander Taub, Ellen DaSilva, 2014-08-29 EVERYTHING YOU NEED TO BUILD REVENUE GENERATING PARTNERSHIPS Corporations have profited from strong business development strategies for years So it s no surprise that of the half million new businesses created each year the most successful ones are driven by business development Now savvy professionals on the business side of a startup have a reliable guide to perfecting the partnership strategies that will quickly add value to any company Pitching Closing gives you concrete action steps for mastering the specific skill set today s business development professionals need to define their roles and meet revenue expectations Written in practical terms by playmakers at Twitter and SocialRank this A to Z guide walks you through forging relationships pitching a company s product building a network sourcing deals making rejection positive and staying cool while closing large deals Firsthand accounts from business development executives across many industries from tech to television to finance bring to life such topics as How to consistently identify and land the best strategic alliances for your business Why people say yes and why they say no Etiquette for making introductions and reaching out to people in ways that elicit responses Monitoring core metrics to know where to invest your time In addition to implementable advice and techniques from the top minds in the industry this complete resource features an entire section of best practices for every step of the partnering process Make your moves with the confidence of having a team of experts at your back The road from startup to IPO starts with Pitching Closing PRAISE FOR PITCHING CLOSING This book is a must read for anyone in the
