Side Hustles Mike Shirley, 2021-07-24

Finances have been my passion for years because of how much it has opened my mind and heart to opportunities. Financial literacy has truly changed my life for the greater good and can most definitely change yours too. I have put in hours upon hours of research on many ways to create extra streams of income so that I can accelerate financial freedom. My passion for financial literacy has given me the urge to spread its gospel to the masses in hopes to help bring joy and wealth to those who grew up just like me. I spent most of my life financially illiterate and had no clue how to control my money. Once I read *Rich Dad Poor Dad* by Robert Kiyosaki, I began to question everything I knew about finances, and thus my financial journey began. I had to read countless books, articles, blogs, watch countless videos, and take many courses and seminars to learn what I know today, and I continue to learn daily. This is why this book is so important for me to put together and get it into people's hands so that they can do what they love and grow very wealthy in doing so. This book is by no means to make you quit your job, but after you fall in love with your side hustles, you will make enough to give you that option. I decided to break this book into categories so that it can be digested easier and flow well. There may be side hustles in here that cease to exist after the release of this book due to unforeseen circumstances, but I am sure you will find quite a few streams of income here and gain happiness in doing them. Remember that you should never pick a career job or side hustle solely based on the amount of pay; your happiness should always come first. With that being said, let's go create multiple streams of income and be happy doing it. When picking side hustles from this book, I encourage you to eventually pick from multiple categories here. For example, when you master a side hustle and build a stream of income from a local hustle, go master a WiFi hustle as well so that you diversify your side hustles. This is how you create multiple streams of income. It has been said that the rich have, on average, 7 streams of income. With the help of this book and some dedication from you, I see you accomplishing that goal with ease and creating financial freedom for not only yourself but your entire family. Read through each category and pick 3 side hustles that you would be happy to do. Once you have them, start putting actions behind the one you like most and give 100% focus to it in all the time you can spare from your normal job or career. This way you give all focus to this one hustle and can decide in time if it truly will make you happy. Once you have mastered it, then you can start on your next hustle picks and master those. Drop any that you find that do not make you happy. If you don't

love what you do you will never be a success at it We don't want you to just be rich in wealth we need you to also be rich in happiness Keep in mind that not all side hustles in this book will be thorough step by step instruction but will lead you in the correct path to take a learning journey in that hustle To give multiple steps we would be writing for ages and we want you to get to work on your side hustle as soon as possible Reading about it will not make you master it the application and execution of what is written is what makes you a master of that hustle Check us out at www.ProfitVestor.com **The Horseless Age**
