Woodward,V. "Paddy" Padmanabhan,Sameer Hasija,Ram Charan,2020-10-27 A radical new leadership strategy to transform business as we know it from a dream team of INSEAD professors and mega bestselling author Ram Charan The business landscape is littered with the wreckage of companies that crashed and burned when an apocalypse came in the shape of new competitive technologies upstart entrants demographic shifts and new world orders Who can feel safe in firestorm change The authors of The Phoenix Encounter Method don't advise safety In fact their method of leadership thinking requires you to imagine burning your business to the ground throwing yourself into a firestorm

change and turning the upheaval to your organization's advantage. It can then rise phoenix-like from the ashes stronger and more powerful than ever. Written with a sense of urgency and purposefully radical provocation, *The Phoenix Encounter Method* represents the forward thinking of legendary business guru Ram Charan and professors from the senior global leadership program of INSEAD, one of the world's top graduate business schools. The resulting methodology, based on analysis of thousands of articles, studies, reports, and academic and business practice, was field-tested in real life. Phoenix Encounters conducted with more than fifteen hundred senior executives from startups and family businesses to legacy companies representing a broad range of industry and sectors in both developed and developing economies. Whatever your sector or industry, if you're responsible for your organization's ability to use change as a transformative opportunity, you'll appreciate the dramatic impact *The Phoenix Encounter Method* will have on you, your leadership, and your organization.
