**Trading Price Action Reversals** Al Brooks, 2011-12-27 A detailed guide to profiting from trend reversals using the technical analysis of price action The key to being a successful trader is finding a system that works and sticking with it Author Al Brooks has done just that By simplifying his trading system and trading only 5 minute price charts he's found a way to capture profits regardless of market direction or economic climate His first book *Reading Price Charts Bar by Bar* offered an informative examination of his system but it didn't allow him to get into the real nuts and bolts of the approach Now with this new series of books Brooks takes you step by step through the entire process By breaking down his trading system into its simplest pieces institutional piggybacking or trend trading trading ranges and transitions or reversals the focus of this book this three book series offers access to Brooks successful methodology *Trading Price Action Reversals* reveals the various types of reversals found in today's markets and then takes the time to discuss the specific characteristics of these reversals so that you can use them in your everyday trading endeavors While price action analysis works on all time frames there are different techniques that you can use in trading intraday daily weekly and monthly charts This among many other issues is also addressed throughout these pages Offers insights on how to handle volatility and sharp reversals Covers the concept of using options when trading certain charts Examines how to deal with the emotions that come along with trading Other books in the series include *Trading Price Action Trends* and *Trading Price Action Trading Ranges* If you're looking to make the most of your time in today's markets the trading insights found in *Trading Price Action Reversals* will help you achieve this goal

**Reading Price Charts Bar by Bar** Al Brooks, 2009-05-04 A completely original approach to trading

using price bar charts While complex strategies and systems may work for some traders understanding price action is all you really need to succeed in this arena Price action analysis is an effective approach to trading today s markets whether you re involved in stocks futures or options It allows you to focus on the process of trading without being overwhelmed by a complicated collection of trading techniques And while this method may appear elementary it can significantly enhance returns as well as minimize downside risk One way to apply price action analysis to your trading endeavors is with chart patterns Nobody understands this better than author Al Brooks a technical analyst for Futures magazine and an independent trader for more than twenty years Brooks discovered ten years ago that reading price charts without indicators proved to be the most simple reliable and profitable way for him to trade Mastering that discipline is what made him consistently successful in trading Now with Reading Price Charts Bar by Bar Brooks shares his extensive experience on how to read price action At the end of the day anyone can look at a chart whether it is a candle chart for E mini S P 500 futures trading or a bar chart for stock trading and see very clear entry and exit points But doing this in real time is much more difficult Reading Price Charts Bar by Bar will help you become proficient in the practice of reading price action through the use of trendlines and trend channel lines prior highs and lows breakouts and failed breakouts and other tools and show you how this approach can improve the overall risk reward ratio of your trades Written with the serious trader in mind this reliable resource addresses the essential elements of this discipline including the importance of understanding every bar on a price chart why particular patterns are reliable setups for trades and how to locate entry and exit points as markets are trading in real time Brooks focuses on five minute candle charts to illustrate basic principles but discusses daily and weekly charts as well Along the way he also explores intraday swing trades on several stocks and details option purchases based on daily charts revealing how using price action alone can be the basis for this type of trading There s no easy way to trade but if you learn to read price charts find reliable patterns and get a feel for the market and time frame that suits your situation you can make money While price action trading doesn t require sophisticated software or an abundance of indicators this straightforward approach can still put you in a better position to profit in almost any market Reading Price Charts Bar by Bar will show you how
