

The image features a futuristic, glowing blue car with various mechanical and digital components. The car is positioned horizontally across the frame. In the center, the text "AI OVERVIEW" is displayed in a large, white, sans-serif font. The background is dark with blue light trails and various icons, including a gear, a triangle, and a circle, suggesting a high-tech or artificial intelligence theme.

Harnessing AI for Point-of-Sale Optimization Erragcha, Nozha, Toukabri, Maher, 2025-12-23 Artificial intelligence AI revolutionizes the retail landscape optimizing point of sale POS systems By leveraging machine learning algorithms predictive analytics and real time data processing businesses can streamline transactions personalize customer experiences and improve inventory management AI driven POS solutions enhance operational efficiency They also provide actionable insights that empower retailers to make smarter decisions reduce costs and boost profitability in a competitive market Further research may reveal new POS techniques for improved retail and service management *Harnessing AI for Point of Sale Optimization* explores how AI can improve efficiency profitability and the customer experience in retail outlets It examines how AI transforms retail outlets into smarter more responsive and consumer centric systems This book covers topics such as consumer behavior mobile technology and sales management and is a useful resource for business owners marketers computer engineers academicians researchers and scientists

Sentencing and Artificial Intelligence Jesper Ryberg, Julian V. Roberts, 2022-01-21 This book is the first collective work devoted exclusively to the ethical and penal theoretical considerations of the use of artificial intelligence at sentencing Jesper Ryberg and Julian V Roberts bring together leading experts in the field to investigate to what extent and under which conditions justice and the social good may be promoted by allocating parts of the most important task of the criminal court that of determining legal punishment to computerized sentencing algorithms

Intellectual Property Law and Access to Medicines Srividhya Ragavan, Amaka Vanni, 2021-07-28 The history of patent harmonization is a story of dynamic actors whose interactions with established structures shaped the patent regime From the inception of the trade regime to include intellectual property IP rights to the present this book documents the role of different sets of actors states transnational business corporations or civil society groups and their influence on the structures such as national and international agreements organizations and private entities that have caused changes to healthcare and access to medication Presenting the debates over patents trade and the Agreement on Trade Related Aspects of Intellectual Property Rights TRIPS Agreement as it galvanized non state and nonbusiness actors the book highlights how an alternative framing and understanding of pharmaceutical patent rights emerged as a public issue instead of a trade or IP issue The book thus offers an important analysis of the legal and political dynamics through which the contest for access to lifesaving medication has been and will continue to be fought In addition to academics working in the areas of international law development and public health this book will also be of interest to policy makers state actors and others with relevant concerns working in nongovernmental and international organizations

Longevity and Geriatrics Hülya Çakmur, 2025-10-29 The physical aging process which results in the aging of cells tissues and organs varies differently in each individual due to the influence of environmental and life factors Medical science has long been working to slow down or even stop and reverse the aging process With the unraveling of the human genetic

code efforts to genetically intervene in the aging process have accelerated and animal experiments have proven that this is possible Today many molecules have been proven to prolong a healthy life span Despite all these scientific advances it is a fact of our time that medicine continues to grapple with aging and age related health issues Therefore on the one hand medicine is advancing rapidly in the field of longevity and anti aging and on the other hand it is advancing in providing optimal care to individuals suffering from age related health problems This book provides information on the latest advances in longevity detailing the health challenges and solutions facing today s geriatric population *Marketing Strategy* Jenna Tiffany,2025-10-03 WINNER The BookFest Spring Book Awards 2022 Marketing category first edition WINNER Business Book Awards 2022 Sales Marketing category first edition How can senior marketing leaders develop and implement a proven strategy to deliver measurable results Marketing Strategy offers a clear authoritative framework designed for senior professionals seeking to lead with confidence in a rapidly evolving marketing landscape In this new edition Jenna Tiffany incorporates the latest insights on Generative AI and features expert perspectives from global brands like Disney It provides proven strategic models and tools for informed decision making helping leaders navigate governance financial impact and industry trends to deliver sustained business growth You ll learn how to Master key models to analyze the marketing environment strategically Implement adaptable frameworks across industries with step by step guidance Leverage real world examples and expert interviews for actionable insights Measure and optimize marketing success using data led decision making New to this edition Generative AI new real world examples and perspectives online resources PowerPoint slides Developed for senior marketing executives this guide equips you to lead strategy development that aligns with organizational goals and delivers clear ROI Themes include Strategic models Leadership Data led decision making Financial impact Industry trends
